Chicago passed an ordinance that all smoke detectors need to have a battery that lasts for 10 years
Effective January 1, 2023, a Chicago ordinance prohibits the sale or distribution of any smoke alarm that is solely powered by a removable battery. Tamper-proof smoke alarms with long-lasting sealed batteries (often marketed as 10-year smoke alarms) are now the only type of battery-powered smoke alarms that can be legally sold or distributed in the City Chicago. This does not affect smoke alarms that are, or will be, hard wired into the building’s electrical system and have a removable backup battery.

Hi /k/, I'm wondering how much a shitty or semi decent set of night vision goggles or a monocle with a headset would cost me? Some jackasses have been stealing cattle at night so I'd like to catch em in time for the cops to get there.

Try to imagine yourself in the Atlanta ghetto. You get your first look at this "six foot nigger" as you enter a clearing. He moves like a bird, lightly, bobbing his head. And you keep still because you think that maybe his visual acuity is based on movement like T-Rex, he'll lose you if you don't move. But no, not the nigger. You stare at him, and he just stares right back. And that's when the attack comes. Not from the front, but from the side, from the other two nigras you didn't even know were there. Because the nigger's a pack hunter, you see, he uses coordinated attack patterns and he is out in force today. And he slashes at you with this... a nine-mm shitty pistol, like a flash. He doesn't bother to shoot your jugular like a lion, say... no no. He shoots at you here... or here... or maybe across the belly, spilling your intestines. The point is... you are alive when they start to rob you. So you know... try to show a little respect...

Air Marshal Stuck In Conversation About Passenger's Patio

CHICAGO—American Trans Air Flight 282 from Chicago Midway to Newark took a turn for the tedious Monday, when undercover air marshal Kirk Gillum was drawn into a conversation about passenger Terrence Delaman's patio for the majority of the two-hour flight.

"Most people just take what-ever tiling option their contractor gives them," Delaman told Gillum. "But I did research online and opted for terra-cotta. I couldn't be happier."

Gillum is one of an estimated 4,000 marshals placed in the cabins of U.S. commercial airlines by Homeland Security Director Tom Ridge in an effort to tighten aviation security.

Gillum, a former Navy SEAL, trained for 12 weeks last year in tactical terrorist suppression aboard an aircraft. Delaman, who was

Scientists Abandon AI Project After Seeing *The Matrix*

Above: Jameson announces his decision to cease artificial-intelligence research.

CAMBRIDGE, MA—Scientists at MIT's Advanced Machine Cognizance Project announced Tuesday that, after seeing the final installment of the Matrix trilogy, they will cease all further work in the field of artificial intelligence.

"As scientists of conscience, we must consider the ethical ramifications of AI development," said Dr. Gregory Jameson, director of machine epistemology and ontology at MIT. "The Matrix taught us that we cannot ignore our obligations to the future of mankind. We must free our minds to this fact, or we will accidentally unleash a nightmarish army of sentient machines."

Added Jameson: "Some may call the extinction of humankind inevitable, but I, for one, will still resist."

A statement drafted by the MIT group was co-signed by an international coalition of AI experts that included scientists from the American Association for Artificial Intelligence, members of the Society for Artificial Intelligence and Simulation of Behavior, and a team of fan experts from the newly created San Diego ComiCon Committee on Moral and Ethical Implications for Society at Large.

In the statement, researchers said they were "frightened by the disastrous

Labor Secretary Has Her Hours Cut

WASHINGTON, DC—Deeming the move "regrettable but necessary," White House Chief of Staff Andrew Card announced Monday that Secretary of Labor Elaine Chao's work hours will be scaled back to 30 per week starting Jan. 20.

"It's merely a cost-cutting measure and says absolutely nothing about Elaine, who's done wonderful work for the Bush Administration since she came on board in 2001," Card said. "Once the economy turns around, the first thing we'll do is return Elaine to her original hours. That's a promise."

Chao's hours will be limited to six per day during a regular Monday-to-Friday workweek, her salary will be cut by 25 percent, and she'll lose the privileges of working flextime hours and earning time-and-a-half pay on weekends and holidays. In addition, Chao's relegation to

Has there ever been an American hospital with only black doctors?

Yes, the old Martin Luther King Jr Drew Medical Center was staffed with black doctors. It was shuttered in 2007 due to mismanagement: patients were routinely given the wrong drugs, and the hospital had an extremely high death rate. Local gang members who had been shot were terrified of being sent to the hospital – which they dubbed "killer king" – because of the likelihood of being killed on the operating table. Gang members routinely pled with ambulance drivers to reroute them to other hospitals.

Monkeys have no concept of "property". If they see something they like or want, they just move in and take it. They more so fast it's hard for people to stop them and they get away with it so they continue this very successful behavior.

Pajeets: Nice people. That is about all I can really say for them. Never met a rude pajeet. They never buy a god damn thing though. You can show them the most fucked up sewer line that has roots covering half the line and sections where you can clearly see massive cracks and breaks and they will tell you that it looks pretty good and they will worry about it later.

Mexican/Hispanic: I seriously never go to these peoples houses. It is as if their sewer systems never break down. I get the feeling that this is probably due to many laborers being mexican/hispanic and they probably keep all their work among their own people. Thus they never have need of calling upon a company since their cousins or uncles do this sorta thing etc. Bravo.

Niggers: Oh my fucking lord niggers. The rudest, dirtiest, cheapest, most retarded animals I have ever had the displeasure of dealing with. You show up to the house and they almost always have a shitbull or some other ill trained beast either locked up inside of a kennel of questionable strength or god forbid roaming the house. I refuse to enter the home with one of these beasts wandering around and always request that they at least put them in a room while I am there. You then proceed to inspect their sewer and it is always a total trainwreck. You are usually seeing something that should have been fixed 20 years ago and has been cabled non stop to keep it barely flowing for years. I have been staring at a camera with a giant momma nigress, and buck niggers alike. None of them have any idea what I am trying to tell them. I try to explain that all of their sewage goes through the pipe. They have no idea what im saying. I have to break it down into animal terms. "look. If you don't fix this pipe you arent gonna be able to take a shit in your toilet, do you understand?" looks of shocked amazement. They never believe me. I have gone recently to one that I find hilarious.

Big momma nigger and her nigger brood all live in this absolute hellhole that looks like a hoarder house mixed with some sort of roach infestation. Everything is dirty. They have an active sewer clog that we were unable to snake out (sometimes when it gets really bad you cant even get temporary drainage). There is literally an inch of sewage water in the basement. They of course are walking through this with bare feet hardly even caring, while I am in knee high rubber boots and wearing gloves and a mask etc. I cant even see anything with my camera since the line is so clogged up but I can push it out about 40 feet where I start to hit a hard hard blockage, so I know that the pipe is collapsed and that we will need to dig in their front yard and at the very least do a spot repair on the collapsed area. They say they cant afford it, even though I gave them the absolute best price I could get permission for. I try to offer them financing (would have been less than 50 dollars a month) and they refuse to cooperate saying that they "aint gon put they social security numbas in dat ipad!". I leave. Telling them that they cant keep using water, and if they do it is just going to get worse and worse downstairs.

I get a call that evening from them that the sewage is now about 6 inches deep and they have no hot water. I tlel them they probably knocked the flame out on their water heater because it is sitting on their basement floor which now has 6 or more inches of shit water in it. They act like this is my fault and I again explain that they cant use water. I tell them I will call them in the morning and go over financing with them to get this fixed. The next morning I call around 10am and they say the heat just went out and that the sewage is now about 2 feet deep. I ask if they have been using water. They say "well how we not suppose to use water!" as if this is some sort of impossibility. I tell them that the furnace more than likley has been knocked out due to the rising sewage level down there and that they must be using A LOT of god damn water to make the level rise that much. Come to find out they have been running water almost non stop. Toilets, showers, kitchen sink. And one of their toilets runs non stop, lol. I tell them to shut the water off to the house and to go get some space heaters. That it is below zero outside and if their house freezes they are gonna have a lake of frozen shit water downstairs and all their pipes are gonna burst. They still refuse to go over financing with me, so I wish them luck and to call me if they change their mind. They call me later that night and say the sewage is more than halfway up their stairs and that the power just went out. I just started laughing and then blocked their number. I am sure the sewage got high enough to touch their electrical panel and fried the whole thing.

That was the most recent nigger experience I have had. But most of them are just totally retarded. Fucking their own lives up in interesting and unimaginable ways and then trying to blame whitey for it. Fucking hysterical.

Honestly, sounds like a half-decent sitcom. Every episode is a situation where the Niggermans fuck themselves over and the punchline at the end of the episode is the same tagline blaming the white man.

In South African cities after they murdered all the whites or drove them out, the niggers took over the high rise buildings. When the toilets failed they just shit in the elevator shafts, filling them up. Then moved on to the next building.
Niggers are incompatible with civilizations and infrastructure.

Just sneak a sniff anon. I sniffed 4 girls last night. Knowing the layout of the gym and by predicting their movement patterns it becomes very easy to setup complex sniffing schemes. Last night I left my phone under a bench next to a bench two girls were doing hip thrusts with. With good timing I was able to sniff the spotter on first pass and then sniff the other as a she got up from her set. All in less than 15 seconds with no one the wiser. It is the same as any other time you want to get away with something. Look like you belong, act confidently, don't let your eyes wander. Get in, get your sniff, get out. I would rather go to a gym with no women, but if they are there, I might as well use the free test boost. By pretending to not hate women and being handsome, I have even had girls ask me to spot them. This can be many free sniffs, but you may miss optimal rest period, so you will have to weigh risk/reward.

Jill Valentine's New RE3 Remake Design: Less Sex Appeal, More Practicality
Written by Robert N Adams
Published: March 17, 2020 2:18 PM
Share:
The latest issue of Game Informer is out and the cover story is (rather unsurprisingly) all about the Resident Evil 3 remake. One of the topics addressed by the developers is Jill Valentine's new RE3 remake design, and the game's Art Director explains why they've made a shift in style.
"There were a lot of discussions internally about that direction," RE3 remake Art Director Yonghee Cho told Game Informer. "The original design of Jill Valentine was clearly going for sex appeal, but that was not the right direction. This is a very strong character, and it is a character that's going through a lot of adversity, so we wanted to home in on that and make sure that there's a certain level of believability in what she's wearing, a certain level of practicality."

Most women are insecure of any girl more beautiful/hot/sexy than her, so she tears it down to make her not so insecure.

Men don't care and are even inspired to emulate strong good-looking men like Leon and Chris.

So basically, women. They're terrible. I hate them.
Thanks for reading. Bye

If Ideologies Were Inside A Game:

WILL QUIT THE GAME:

Gnostics

The game-creater did a shit job & his admins/mods make the game worse. You're an IRL player(spark) so go back to reality (godhead).

Theravada Buddhists

The game is ultimately unsatisfying. Realize you're the player by disattaching yourself from the game, then quit and go live IRL.

Hermetics

Modding the game shows you're not another NPC. You live IRL(the absolute), turn off the game and reunite with it.

Vajrayana Buddhists

Become a IRL hacker (Samasambuddha) & crash the game so everyone, returns to IRL.

E. Tolle

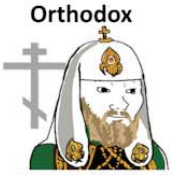
Just stay in the now, you can't think your way into oneness.

KNOWS HOW TO QUIT, BUT KEEPS PLAYING:

Kabbalah

The games glitchy, so don't focus on the in-game hero(meditator), instead realise you're IRL, then mod the game & fix it.

Orthodox



God is reality(sea of being), return to IRL(theosis) through mindfulness, morality and faith.

Mahayana Buddhists

Realize you're an IRL player, but don't quit until you help all others players quit first.

Sufis

By returning to being a noob(fitra), you realise you're the player, then you return to reality (God)

Taoists

Realize IRL(Tao) by making your IRL player so chill so he doesn't need a game

Smartism

Detach yourself from the game saar, the bloody game & you are all reality(Atman) sarr.

Neoplatonists

By contemplate IRL(the one) we can return to it. Also modding(theurgy) helps this.

KNOWS SOME STUFF:

Thelema

Re-enter IRL(universal consciousness), by playing like a bratty 13yo(true will,

Shaivism

Sarr, follow the sysadmin that deletes stuff saar. He take you to IRL (Atman)

Vaishanvism

Saar, follow the sysop of the data-center saar. He bring you to IRL(Atman)

Ismaiist

The game sucks. Play as little as possible to return to IRL (oneness)

Jains

Not harming NPCs is the path to IRL(Moksha)

Wim Hoff

Jump in this ice bath! It silences your brain

PHILOSOPHIZER TIER:

Petersonians

Find meaning in the game man, thats your cross to bear. & yeah it's hard man, DUH! but guess what? Games are hard man!

Secular Humanists

We are the game looking back on itself. We are asset sacks made of pixel dust from the day/night cycle light.

Determinists

There is no IRL, everything is a prescripted in game event, even choice.

Existentialists

Doing boring fetch quests gives us meaning. We are the devs now!

Pragmatists

IRL? Story? Does that help me lvl up or get more items?

Absurdists

No cap, MFing life be random & bizzare& shit. Ain't no cheugy ass "meaning" frfr. iykyk on God.

Cartesianists

There is no IRL, no story, only random bundles of assets doing things for no reason.

Deists

A game-creator exists, but we can only find him using in game assets.

Anthroposophy

By contemplating ingame assets, we'll come to understand the divine

Christian Science

The player has original bugs(sin), which the the game creator can heal through studying in game assets.

Stoics

Happiness comes from inner calm. So be virtuous, temporant, keep self improving.

Theosophy

NO! Blavatsky didn't make up 90% of theosophy, she learned from secret adepts no one else has ever heard of or seen!

BACK TO THE ANCESTRAL WAYS TIER:

Germanic Paganism

Banned-guild leader? Is that your waifu? How about following the German dev team.

Rodnovery

Individual rights? WTF is that? You belong to the snow race and its angry dev team.

Romuva

NOO WE'RE NOT HIPPIES! We just like folk singing, making art, & frolicking in nature!

Druidism

We have to love & respect all. Waddya mean real druids sacrificed NPCs to the devs?

Shinto

We have keep the evil mods appeased with rituals.

Tengriism

Worship the dev who made the skybox.

1ST REBELLION AGIANST THE STATUS QUO:

Black Nationalists

Hell nah, we be da top race en shit! Kill whitey!

Fascists

One race needs to dominate the rest, to get more living space on the world map.

Commies

"Whales" ruin the game! Take their stuff to make the game paradise.

Feminists

The game isn't paradise because white male characters exist

Atheists

There are no players, only NPCs. Prove to me you're a IRL player using ONLY in-game assets.

Red Pillers

To escape the game; rank high on the leaderboards(status) & flaunt your in game items.

I WANT EASY AWNSERS TIER:

Presbyterian

The game creator banned our guild leader so he could forgive you for all your glitches.

Anglican

Constantly praising the game creator is the goal of the game.

Unitarian

The goal is a drama-free multiplayer, & fair gameplay for all

Confucianists

Being the perfect obedient player is the goal.

Reform Jews

Don't you know the game creator wants EVERYONE to be a liberal?

Lutherans

The game creator loves all! Except right wingers, he hates them.

Pentecostal

Dead game soon! So convert to convert to the banned guild leader before EOS.

Methodists

Nothing is predestined, its about choice. So you'd BETTER choose to follow the game-creator, or else.

Mormons

The banned guild leader came to the new map pack according to fake books our murdered guild leader claims he found.

Baptists

We gonna cast the water spell on you, so you get re-created(born-again)

Benedictines

By staying in the most condusive in game environments we can hear the game-creators voice.

Hasidic

Don't you know, we're the game-creators chosen race?

Franciscans

It's about having no items & helping the f2p noobs.

Shia Islam

The desert guild-leader appointed a successor, death those who say otherwise.

Sunni Islam

The desert guild-leader didn't appointed a successor, death those who say otherwise.

Kharijite Muslim

NOOO anyone can be the desert guild-leaders succesor, even a NOOB!!

Western Yoga

Yogas about zen or whatever, & having a sexy butt & junk.

Nestorian

The banned guild leader is just a man inspired game-creator, not a game-creator man!

Zoroastrianism

The game creator fights the evil journalist trying to cancel him. You must help him.

Dominicans

It's about living in communes dedicated to the banned guild leader

Cistercians

We need to study the player guide to get closer to the game creator.

Jesuits

We were created to destroy other religions, but we don't do that anymore

Shaktism

Sarr, you need to access the cheetos & mtn dew powering your gaming(shakti) saar, by sacrificing your ingame pets saar.

Sikhs

Free Khalistan! Also merge with the game creator.

Kermeticism

We gotta go back to worshipping the devs from the 1.0 patch.

Baha'i

If you love all NPCS... THEN YOU'LL REACH ONENESS Trust me.

Jehovah's Witness

Dead game! EOS Soon! Believe in our doctrine to go to the game in the sky after EOS.

UFO New Agers

A backwards recording told me the reptoids steal souls. so worship the pleiadians.

Wiccans

Use lvl 1 spells to mod the game. See that random event, I cause it... ...I think.

Coptics

The eteranl loot box isn't in the game, it's outside the game.

Shenism

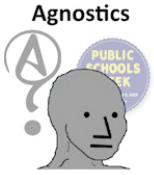
You must remember the dead-accounts, without us, they suffer.

Calvinist

The game creator pre-decided who goes to the loot-box in the sky or the endless-grind in the ground after EOS.

DOESN'T ASK QUESTIONS TIER:

Agnostics



we can't know if theres a player or a game creator, so why try?

Modernism

"Experts" should run everything, so we "progress" towards a world paradise.

Post Modernists

Do what you want as long as you don't hurt NPCs. All opinions are equal cause its all relative.

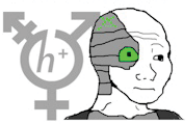
Materialists

It's about getting the biggest in game house, 1 million gold, & lots of rare items.

Hedonist

Its about making the main charater eat, drink & have sex all the time.

Transhumanists



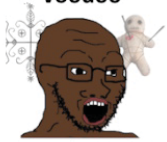
If we keep changing the heros apperance & class we can play the game FOREVER!

MY RELIGION IS AN EXCUSE FOR SOME ABHORANT BEHAVIOR:

Scientology

You have to clear out all the dead NPCs inside your IRL body, by giving us all your gold.

Voodoo



Appease the evil mods & & they'll be your slave.

Rastifarian

Life a bout MP(livity) mon. Di Savanna zone de wi zion mon. Wi gat tuh return tuh zion mon.

LGBTQIA2S+

I AM about MY identity & MY Sexuality that belongs to ME, & MY choices about MY OWN SELF.

Satanist

Ave Satana! Haha I'm so edgy, followers of the banned guild leader must be seething lol.

Sabbateans

Do bad things so good may come of it... starting with teenage girls, hehehe.

I've had it once and it was regrettable. It will activate taste receptors in your mouth that you didn't know existed, and you'll immediately wish you didn't know they existed. You will then experience flashbacks to how terrible it tasted, and they will happen periodically for months. I can type all the words but nothing can prepare you for how disgusting it is.

Hey /b/.

Following on from the rather successful thread the other day, i present to you "UNSECURED IP CAM TIEM 2". I tried a lot of the links from the other thread and most are down so i will start afresh.

HOW IT WORKS:

Simply put the IP links provided into your browser. If you are using chrome/firefox, follow the "server push" link and enter the credentials provided. In order to hear audio, and interact via microphone (which can be epic as fuck) you will need to use Internet Explorer and enable your activex in the browser security settings (i know, i know IE is shit, but in this case it makes for some incredible trolling). This is highly recommended for shits and giggles.

If you have an ipad, i recommend downloading CAMVIEWER. It takes a little longer to set the cams up, but you can hear sound AND send sounds to 99% of all cams posted. It really is worth it, especially if you get the £2 upgrade ($2.49 maybe?).

>ALL CAMS ARE "admin/no password" UNLESS OTHERWISE STATED.

Difficulties of lifting in a cloak?

I've been wearing pic related a few days a week and have been running into some trouble. Of course, a lot of stares but who cares about that? Mostly the cloak gets caught up under me while using equipment. But I have found that the cloak provides nice padding for my squats without fucking up position in anyway. Also it looks fucking cool.

Deadlifts obviously unaffected and looking based AF. Anyone else find gym difficulties with their cloaks?

Why are zoomers so anti-piracy? When I was growing up in the 90s and early 2000s, everyone pirated PC games. And it wasn't just games either. Even the most computer illiterate normies were pirating music and movies every day. Piracy was just an accepted normal fact of life. How did society become so cucked that everyone is afraid to pirate anything now and they'll willingly pay money for a copy of something that they can literally download for free?

Bear with me here, this is going to sound insane.

Whenever I'm on a Tinder date and I get nervous and can't think of what to say, I just start talking like Donald Trump. Like, not about politics, but I just start making grandiose claims about the restaurant or whatever with 100% confidence while gesturing with my hands to emphasize my point.

>I've been all over Houston, all over, excellent city, but I have never found a sushi place better than this one
>the folks here are excellent, they have the best chefs in the entire city, beautiful people

I just start spouting shit like that with the upmost conviction that what I'm saying is the absolute truth.

I'm not even a Trump supporter, but speaking with such cocksure confidence in the bullshit you're spewing actually works, especially when you're mimicking his inflections and gestures. It's kind of funny actually.

Kek that's nothing. I bought a newly built flat in 2019 with my gf when we got engaged. turns out it has some kind of structural fault and it could fall apart at any moment. We realized something was wrong on our first night there, there was a strong wind and the entire building started creaking like it was made of cardboard. we hired an engineer to take a look at it who told us to gtfo immediately. 6 months later cracks started appearing in the walls. We can't sell it obviously. I tried to get insurance in case it actually collapses but insurance companies aren't stupid and they don't want to touch it. I'm fucked basically and lost 170k which was my entire inheritance. also my gf broke up with me. I've been living here since we broke up and accepted my death, just waiting for the building to collapse on top of me

Funding cuts to parks and trails has nothing to do with the cost of maintaining the trails. It is simply government extortion to avoid having to actually cut real uneeded expenses. Anytime there is any budget shortfall the first thing a sitting group of elected officials does is cut those services that the public directly uses. Libraries, Parks and Recreation, Museums, etc. In most cases these are the least expensive part of government operations. heck a hiking trails maintenance costs are so minimal as to be absolutely negligable. But by closing them it extorts people into making the choice "Well I really want my parks so I will pay more in taxes and fees" rather than the government actually cutting the wasteful spending such as crooked asphault contracts to politicians brother in laws or high paid do nothing commissions lawyers and administrators. This is the same reason that whenever voters vote down a school budget the first thing the school district does is cancel the school bus service. It maximizes the inconvenience and pain to the voters in the most direct way possible in order to get their desired result. It's a crooked scam that we have let go on for most of the 20th century.

Indeed. Another facet of political psychology is to distract from these crooked tactics and engage the public in dirty battles of rhetoric. It is but a game, with pretend "sides", and the only rule is never speak of this game so the public is never any wiser.

I propose that what made America great was an abundance of natural resources and an incompetent government (by design) that took a few hundred years before it could manage to wedge itself in between competent people exploiting those resources. Now that government is firmly wedged in, the run is over.

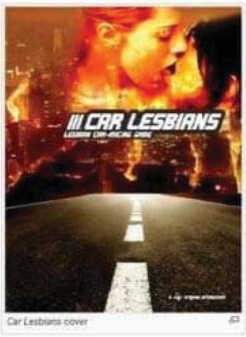
Car Lesbians



Car Lesbians cover

Car Lesbians is a fem/car/sexploitation racing game created by /tg/. The basic premise is that you have a car and you are a lesbian. You must drive around in your car and make out with other lesbians. Characters have two stats: Hotness and Car. These act as dice pools of d6s for opposed rolls or general skill checks; 4s and 5s count as one success each, 6s count as two successes, and every die that rolls a 1 is -1 success.

All conflicts are settled through either high-speed races or tense make-out sessions.

I'm a 34yo KHHV by choice because I don't find 99.999% of women attractive. Seriously, out of the thousands of women I've seen, I've only found 3 women attractive in my life. Every other woman is about as attractive to me as a chair. I think a major part of it is I'm just not attracted to the human form. I'm super attracted to dragons, and my "standards" for dragons is much lower. I'd say I'm attracted to 50% of dragons I see. I'm not a furry and I don't find anthro furry stuff attractive (not even anthro dragons). I just find dragons super attractive. I don't know why. What can I do to lower my standards for human women?

I was living Oakland, and I was sitting in my truck and this car pulled up and parked in front of me. In a few minutes a hooker jumps out of the passenger side with powder all over her tits, and face. And this dude gets out of the drivers side, "you get back in the car and clean this shit up bitch", and they were yelling at each for a while, she wanted her money.

I got out of the truck, and asked if there was a problem, and the lady goes, "I though this guy was trying to get his dick sucked and he wants me to eat all this." I said I was going to call the cops because he was acting kind of abusive and then she walks off and the guy throws a can of corn starch out of the car.

It was one of the one most absurd things I have ever witnessed.

Had a conversation with an old guy i used to work for, he was racist to the bone:
>Something niggers anon
>In Africa there are alot of niggers
>Haha Yes they are everywhere anon
>Imagine living there anon it must be like a zoo except they would probably murder you

Also
>Boss makes deal with govt to accept work, we paint
>Get called to asylum center
>Yes we need these 5 rooms repainted
>We go there to take a look, there is some arab guy in the vacant "apartment" taking a shit on a newspaper in the kitchen
>Boss straight up looks at the guy showing us around "yes well we dont use that color"
>Guy stares into the void for half a minute
>He asks for a rough price guesstimate
>Boss says something retarded like $75k american rubles, this is like the actual price x their phone number
>Guy says he will keep in touch
>Cool
>Drive off, on dirt road, there is some asylum tard on a bike
>Boss rolls up slowly, windows down and screams "HOLY SHIT THERES A NIGGER ON A BIKE, WHEN I WAS A KID THEY COULD ONLY CLIMB TREES" and drives off in absolutely no hurry
>They didnt call back

You will never be a real square.
You will never conform to a platonic form.
Your sides will never be parallel
You are simply a circle twisted by geometry into a mockery of what you once were.

10 MONTENEGRIN COMMANDMENTS
1. Man is born tired and lives to get a rest.
2. Love thy bed as you love thyself.
3. Rest during the day, so you can sleep at night.
4. Do not work – work kills.
5. If you see someone resting, help him out.
6. Work as little as you can, and convey all the work you can to another.
7. In shade is salvation – nobody died from resting.
8. Work earns illness – do not pass away young.
9. If you have an urge to work, sit down, wait and you'll see it will pass.
10. When you see people eat and drink – approach them, when you see them work – withdraw yourself not to trouble them.

I deliberately became a loser neet so that women have one less good man available on the dating market. I wasted away all my potential for the sole purpose of becoming a burden on wagies finances and women's need for emotional intimacy and a steady provider.
No one exploits my time and energy, that is solely reserved for shitposting and substance abuse.
If you haven't taken the neetpill, you don't understand game theory.

What I'm gathering is that prison is just a bunch of regular cool guys larping as sociopathic murderous racists. If all of them just dropped the tough guy act, it'd probably be a far less terrible place.

pasting from the last post to get redundant questions out the way:

never made any direct threats
never stalked anyone

i sent 7 text messages

~~>>512552885~~
i said hitler was right about the jews
said that the holocaust never happened and if it did they deserved it
talked about my experiences with Jewish people in LA being hostile towards me, disrespecting, and humiliating me, especially in education and working in Jewish-dominated industries like Entertainment
talked about how jewish people project white supremacy in position of power but are suddenly minorities if you criticize them
talked about how you can talk about any race but if you talk about asians or jews you get canceled
talked about how jewish girls fetishize black men as sexual objects but they would never actually marry use
talked about how jews only side with black people when it benefits them, and that they fake being tolerant so they can appear morally superior to whites
and i sent an email saying that i would kill a jew at some point in my life (thats what got them to come after me)

i sent an apology after and deleted my friends contact info but it was too late cause she built a case on me then reported me to the FBI after going to the ADL.

the messages were sent to a friend of mine i knew for 18 years
during the pandemic i was extremely depressed and isolated having spent 99% of the last 15 years of my life alone in my room
i would freak out and self-harm a lot. but one way i would calm myself down is texting my friends crazy shit for attention.

I'm not antisemitic and dont hate anyone for the way they are born.
I had Jewish friends write character letters for me and send me commissary.
I have just had a lot of bad experiences that I kept being censored from talking about, so it all came out in the form of anger.
None of my rants about white people, blacks, or indians got me arrested.

another paste from the other thread:

>>514662155

because i didnt make any direct threat, i wasn't charged with threats, they charged me with stalking instead:

the law is written that I

1. used an electronic device
2. demonstrating a repeated course of conduct
3. with the intent to / or in a manner that could be reasonably expected to cause distress

the supreme court ruled that its the course of conduct being charged, not the speech, and therefore i do not have free speech protections

I texted the victim 7 times over the course of the year. the victim never responded.
>>514661929

Either you plead guilty or try to fight it and if you lose they give you far more time.
Ex: guy who robbed pharmacies got offered 12 years
he fought it
judge sentenced him to 27

another guy got offered 7 years
fought it
got sentenced to 16

this guy who blew up his wife got offered time served because all they had was circumstantial evidence
he fought it
got sentenced to life:

https://abc7.com/post/aliso-viejo-bombing-spa-sentenced/14340689/

I played scrabble with this guy every day. Swore his innocence the whole time. He's also literally dying of an infection and the medical staff is doing nothing about it.

>>514662040
It depends on where you are.
There are different security levels.

Camp (Minimum)
Low
Medium
High (penitentary / USP)
Supermax

There is generally less violence in the feds because most violent crime are charged by the state.

There were some people killed when i was at MDC LA. One dude I know got stabbed up for racking up a 20k debt with the Surenos. He was armenian.

The shower thing doesn't happen because they have stalls now instead of open showers. However you have to wear shoes/boots to the showers and in higher security you have another man stand outside the shower to make sure no one runs up on you to do something to you.

We wear shoes to the shower incase something pops off you can quickly put your shoes on and fight.

The white boys politick a lot and are pretty violent with each other.

In the feds theres not a lot of head up fades. Either someones getting removed (5 people jumping on guy til the medics come get him) or they're getting lock-n-socked/stabbed.

Most conflicts happen over the phone and over debts.

Fights and violence leads to more lockdowns, which no one wants, so often times people will try to handle things diplomatically if they can. But when things do go up, its gets very violent very quickly.

I didn't see a lot of violence and I stayed out the way anytime I felt like something was a bout to go down. I was just at low/medium yards though. USPs liek Victorville are locked down all the time because of constantly violent incidents.

mixedchad (ID: Z3hiyjz9) 09/03/25(Wed)00:34:12 No.514663046 ►

>>514662318
no ABs on the yards I was at. ABs are not allowed on Medium or Low Yards. They have to be in USPs or Supermax.

There were woods and white boys but I was cool with most of them. I got along with a lot of other races because I wasn't on any bullshit and because I have a diverse personality.

This made it easy to do business.
My main hustle was selling cheesecakes and doing raffles.
I ran poker tables at victorville until the program got shut down because the white boys kept politicking and beating peoples asses or forcing them to check in. And they were forcing the chomos to stay in their cell and beating their asses if they left.

Not to mention

Judge was Jewish female
Prosecutor was Jewish female
My PD was Polish female
The Victim was Jewish female

I was fucked. I tried to argue bias and change venue but they didn't let me because I wasnt being charged with a hate crime

Then literally a few weeks before my sentencing they tried to hit me with a hate crime enhancement

my guidelines were 27-33 months but the judge gave me 43 months instead

I went to Torah studies for a whole year and studied with the Rabbi to educate myself and deradicalize my thinking. I made significant changes by reading psychology, philosophy, and spirituality books the whole time.

I also taught myself Spanish.

But they didn't care. And it honestly broke any faith I had in a God. It felt like it was all for nothing. But I wasn't doign well out there, and I needed a break from computers, weed, the fucked up life i was living.

I'm doing much better now. Just sad i have to be on the ankle monitor.
I just wish the victim told me that my messages were fucking with her. I thought she was just ignoring me. Apparently they were already blocked but they showed up on her laptop via icloud.

But I wasn't doing well before. My mental health was seriously fucked up. I was self harming and mutilating myself. Smoking weed non stop. Getting into road rage every week. Constantly having conflicts with people.

I'm much more at peace now. I accept that what I did was wrong. I tried to get help, I had therapists, suicide hotline, tried to find a support group, but it wasnt enough.

My friend had a background in psychological and knew me for 18 years so I thought she would have understood what I was goin through.

I accept that I was wrong, but I just feel like they gave me too much time. And now I'm fucked anytime I try to get a job or do anything and someone googles my name.

i would often write these rants as a form of venting during my borderline spirals. i would experience episodes known as "splitting" where it felt like something else was possessing my mind. I had been destroying myself for over 12 years and kept myself isolated so I wouldnt have to feel the pain of the world.

i was not in my right mind, and often times when I came back to my sane state the damage was already done.

it took a lot of inner work while I was in prison to transform my psychology and reprogram my mind. I also had to learn new ways to respond to emotions, and completely change how I interpreted the events that happened in my life.

some of the books that helped me the most were:

Refuge Recovery
Black and Buddhist
Love and Rage
Control Your Depression
The Subtle Art of Not Giving a Fuck
Gates to Buddhist Practice
and The Tibetan Book of Living and Dying

It was very difficult processing my trauma the first year down. I used a lot of DBT skills, meditation, and kept my mind busy reading books and learning spanish.

Eventually the emotional extremes went away. I was able to forgive people and let go of my grudges. I reconnected with family members and friends that I

It was all actually a very liberating experience. The nightmare was finally over.

I'll leave u guys with a few quotes

"I am not what happens to me, I am what I choose to become"
"Live your life as if you have already lived this life before, and you are being given a second chance"
and from my speech

Happiness are suffering are created through our interpretation of our experience and not by the experiences themselves. One can be happy in prison, and one can be miserable on the outside. It's all a matter of perspective.

yeah i agree
i met a nazi in prison i was pretty cool with
he was too loud with the antisemitism for me though

but we were both wishing we had 4chan access when the israel-gaza conflict happened to see all the memes

but then again
something will always be happening
whats important is to look at how its affecting our lives

i dont want to be lying on my deathbed just reflecting on browsing the internet, or holding on to grudges or anger

hatred and ignorance are forms of suffering
i decided i dont even want to talk about politics or racism anymore
theres too many other important things to focus on in life
my health, my family, my music
doing things in life that fulfill u and make you happy

every day we are closer to death and i dont want to waste life rotting away in front of a screen anymore

people outside take their freedom for granted
part of me is just glad the cycle of internet anger is finally over

i wrote a 36 page essay about internet addiction, demoralization, and radicalization that i sent to over 40 different organizations

not a single one responded

I was pretty shredded when I first got to MDC LA.
I mogged everyone on the yard.
Lots of people asking me for workout advice.

Yes there were people bigger than Tookie.
There's a term called "Prison Arms" which is black dudes that have extremely huge arms without steroids.
Its actually mind boggling.
Dude named nate that was a blood had some of the biggest arms I ever seen. Barely worked out too.

I ended up having a 3 on 1 with some bloods over a misunderstanding my first week there.
Long story short my first celly was a jail nigga from denver lanes that spent his whole life locked up. He grabbed an extra breakfast tray and tried to make me the blame for it.
They only landed a couple punches but I ran out the cell cause I was honestly scared and had no idea what was going on or what was going to happen.

There were a lot of fit people compared to the outside, but the majority of people were out of shape as fuck. Lots of people with gyno and i assume its because they were putting estrogenics in the food. Like hella dudes with straight up TIDDIES.

I eventually got fat when I realized I wasn't going home anytime soon after a couple years in. I just said fuck it and I was on "fat boy time".... I gained 50 pounds stress-eating. But I also learned to cook and was selling cheesecakes as one of my main hustles for a minute.

Being able to order from restaraunts in spanish is fun, but i gotta be careful what I say cause some of my vocabulary is still a bit off.

Honestly I let a lot of my anger go. Sometimes things get me ticked off but then I realize that life is short and I have to power to decide what I do with my time.

I was miserable, depressed, and lashing out. I don't completely understand the behavior, and I'm both the experiencer and the observer, but I think I was crying out for help by trying to show people how angry and miserable I was. I usually did it when I was having episodes after being triggered by traumatic memories and my heart would race and my brain would go into full rage mode without the ability to access logical thought.

Also, sue me for saying this, but i think my extremely heavy pot use for 20+ years fucked with my brain a lot and made my rage and trauma issues far worse. Now that I'm sober I haven't needed medication or therapy. Weed is not good for certain people and I'm one of them.

Ok guys I have to go run some errands thank you for your time.

I generally had problems with fellow blacks that didn't like mixed or proper-speaking black people. Just like on the outside! But I got my respect for staying out the way and running my program (sticking to a routine). When I first got arrested I was rodied and mogged everyone on the unit so there was that, too.

The whites were usually cool with me. So were the Paisas and Others. I had static with others sometimes cause Asians don't have the best communication skills. The Southsiders (mexican cholo types) got on my nerves a lot cause they acted like they ran everything. Once I got to FCI Lompoc II the yard was like 90% power so they couldn't throw their weight around like at MDC LA or Victorville.

In prison there are a lot of fucking idiots in general, so minimizing interaction was the best way to program.

Ironically there were a number of Jewish people I was really cool with that I met at Jewish religious services. One guy had the same charge as me cause he was doxxing and emailing threats to anti-semitic politicians. They offered him time served but he still fought the case like a moron.

Once I got to the big yard though like half the Jews were chomos so I didn't talk to them anymore.

>What the fuck do I do with myself?
This sentiment is what lead all of us here, of course.

The answer is that /pol/ is no longer satisfactory.
Have you ever heard of the flaming sword of truth? Well it is what most of >us find so attractive about /pol/.
The flaming sword of truth is the metaphorical weapon which is wielded by any party or individual whom is in direct contact with truth.
Well, we all thought that wholly unrestricted speech was something that was a unique property of the internet at large. This is false. This property is no longer possessed by the internet at large, and the last bastion of that conduit to truth(free speech) was /pol/.
>UNTIL!
Until we combined frequencies and incarnated this truth unto the world in the shape of Trump, then the X platform, and now in the memetic ether which animates the youth of the world.
Did anyone here even take a second to consider that we dismantled the body of influence which commanded the vision of the allies during WW2?
Never again should we take shame in the utterance of the word >WE, because:
>"I am that I am."
We are depriving this great cosmic force from incarnating itself within an avatar, by shying away from asserting our presence as a body.

YES. >WE.

The EOS Committee has assumed that your complaint is directed against the Police Security Service (PST) regarding illegal surveillance of you.

The EOS Committee is an independent oversight committee appointed by the Storting. The committee's task is to monitor intelligence, surveillance and security services carried out by public administrations, including handling complaints directed at the PST.

The Committee cannot confirm or deny whether a person is registered in the service's registers, or has been subjected to surveillance activities. The reason is that such information is considered classified information, which is subject to statutory confidentiality. The Committee can only state whether the complaint has given cause for criticism or not. If the Committee believes that a complainant should be given more detailed justification, the Committee can suggest this to the service.

Based on your complaint, the committee has investigated PST. The committee's investigations have uncovered a situation that has given rise to criticism of the service. The committee has proposed to PST to downgrade certain information related to the committee's criticism. This was not followed up by PST. The service's decision related to questions of security grading is binding on the committee.

The Committee's processing of your complaint is hereby concluded.

With kind regards

I'm under surveillance by the PST (domestic security service) and local government. It started over a decade ago, back then they hacked all my devices and showed me a spoofed news site which was all about me and cringe shit i had done, resulting in shock, which had me in the psych ward within 24h. Inside the emergency ward for psychotics, I was met by 3-4 old ladies who asked if I liked the website. These old ladies handed me a card with an anagram on it and a URL address, and a school social science book which had a bunch of post-it notes on certain chapters about democracy. I won't bore you with the details but this obvious recruitment attempt ended poorly as i was in a psychosis at the time. I was forced to stay in the institution for 9+ months.

I was 19 when this happened, fell out of education and lost countless friends.

Fast forward to me being 26 years old. They come back. This time around, they talk directly to me through 4chan posts, knowing full well I don't have the capacity to figure out who they are. They then show me how this shit tier site is run by the counterterror units of our respective countries. To ensure I take shit seriously, they stalk me irl and make it beyond obvious they are following me, even used an old acquaintance of mine who now gives me the silent treatment. During these years, I was forcefully admitted to the psych ward again several times due to stress and unbearable paranoia & pain.

After several years of them relentlessly bullying me using my most sensitive data and the archives they got of every fucking retarded post I've made online ever, I get fed up with the feds. I report them to the oversight committee on intelligence matters in Norway. Which, just a month ago, after 7 months of deliberation, criticised the service (pst) but classified what the critique was about.

In short, the spooks destroyed my life twice over and classified the entire ordeal.

Several of the people in the know will be in this thread

Start by realising that the whole system that enables it is rotting faster than you can say Malmö. Something will eventually be reborn from the ashes, but trying to save it in its current state would only leave you with hands full of rotten shit.

It took me a decade to realize that they provide a healthy counter-balance to soft populations. If all it takes to break and enslave a people is some free porn and suggestive behavioural entertainment on TV, then maybe it's time to put their survival to the test.
I no longer care about old people getting robbed and beaten and I no longer care about city girls getting raped and killed. They are all parts of the system that they enforce, and try to enforce on me. I spend my time working out ways to get out, instead of wasting hours on well-meaning spergouts that are only rewarded with mockings, or worse.

Fuck em, filthy ungrateful goyim cattle.

Much like the sign tapper predicted (((they))) would attempt a tactical retreat of woke nonsense to lure white men into fighting their wars, the deeper elites, zionist blackmailers and their networks are about to full throttle 180 reverse thrust on age of consent related topics to psyop their way out of persecution regarding the info epstein had.

Mark my words as the years go on the atrocities on that island will be memoryholed. the surviving victims will slowly be picked off in coincidental accidents over the coming decade so the good little lemmings essential to the economy can't be spooked again. but inevitably as more scandals load into the publics backlog of reasons to rope all politicians (with the exception of Thomas Massie and Rand Paul) they will gaslight and shuffle the truth playing the long game to keep that info under wraps. THEY WILL condition people not to care about it until we're all old and one day a "tell all" book will be released and everyone just goes "oh, thats horrible" and moves on, we've already seen this bullshit happen too often.

They are going to backpedal HARD on the agenda they pushed to limit white birth rates and begin reverse social conditioning the next generation to mock the sexless manchild millennial cucks and zoomers infantile virtue signaling age gap hysteria regarding women having sex at 17. We're already seeing exhaustion to that cry wolf bullshit to an extent with "pedo hunters" getting clowned on and (((they))) WILL try to lean into that cultural shift to get you off your guard, to make you feel like society is healing from 50+ years of deranged policies and social norms, but it won't be.

For anyone reading this tonight and in the future long from now in an archive somewhere... DO NOT take your foot off their throats, DO NOT let them get away with it, DO NOT let those rat faced kikes slither away to buy their time and re-emerge to manipulate and rot our minds all over again.

why can't you tell a semite from a human? weird, must be stupid. IQ is pattern recognition and you say you can't recognize the pattern

so i must be high, right? you nordics are so cucked, every country is jewed up and it will destroy civilization because jews can't destroy whites and they can't make their own civilization

this has happened a thousand times and ever time, everyoen felt like it was the first i'm sure. we've tried to pass on knowledge to future generations knowing they'd go through what we did, but jews learned a LONG time ago they could control "known history" and the media and dominate the good times when they can make their moves. they always fail and will always fail, they ARE inferior, but they are focused on this shit while normal people are focused on the good parts of the good times.

it's why nature makes women so destructive, men would make things good for all and stop and enjoy it and we'd not progress further which would be fine if we weren't here for a reason so who has us here for a reason? a god that can't defeat evil? doubt it, an alien race? maybe. humans from 1000000000 years ago? maybe. but we aren't allowed by nature to create good times and enjoy them, something always exists to destroy that and even if the world was 100% white, women would still exist to fuck shit up but a 100% white world could manage both pretty easily, good times and progress

>According to legend one day Chudogenes was seen wondering the streets of /pol/ in broad daylight, holding a lit lantern. When curious onlookers asked him what he was doing, he replied "I am looking for a happening."
This act was both symbolic and ironic. Chudogenes wasn't literally searching for a happening with his lantern; instead, he was using the act to criticise the moral corruption and hypocrisy he believed permeated society. By doing this in broad daylight, he emphasised that happenings were so rare that even the light of day could not reveal them.

This. My dad was a contractor who also had a pyrotechnics license. One night on New Years Eve people were popping off unused fireworks from last summer well into 1 in the morning, waking up my younger siblings and pissing off my dad. He peeked around the corner from where he was sitting at the desk and asked:
>wanna see something cool?
He took me out to the truck where he had a canvas bag of basically high explosives. He spent about 15 minutes wrapping two of them up with a roll of duct tape as tight as he could get it, and then tossed it about 40 feet into the street of our suburban neighborhood, and motioned for me to get in the truck. I felt the explosion in my chest as it blew a basketball sized chunk of asphalt out of the road and nearby curb with a quick flash of white light. After it exploded you could hear a pin drop in the neighborhood. Not a single firework went off after that lmao. One of the few good memories I have from childhood.

Harry Potter here looks like Poljak.
So lets say he gets to Hogwarts, and they put the sorting hat on him, what will it say?
Some people might think Slytherin would be the house, cos /pol/ is dark and edgey.
Others say Hufflepuff, cos /pol/ is retarded.
Others say Ravensclaw, cos /pol/ is actually only pretending to be retarded, so that makes it pretty clever.
But I say Gryffindor, cos /pol/ is the real hero of the story, and /pol/ will save the world.

"Bring me the poison" instantly and permanently embedded into my lexicon

Behind his desk, Trump's mood is buoyant. He yells, "Bring me the poison." His basket of Starbursts, Hershey's Miniatures, Laffy Taffy, and Tootsie Rolls instantly appears. "Okay, get the poison out of here," he says, taking two handfuls.

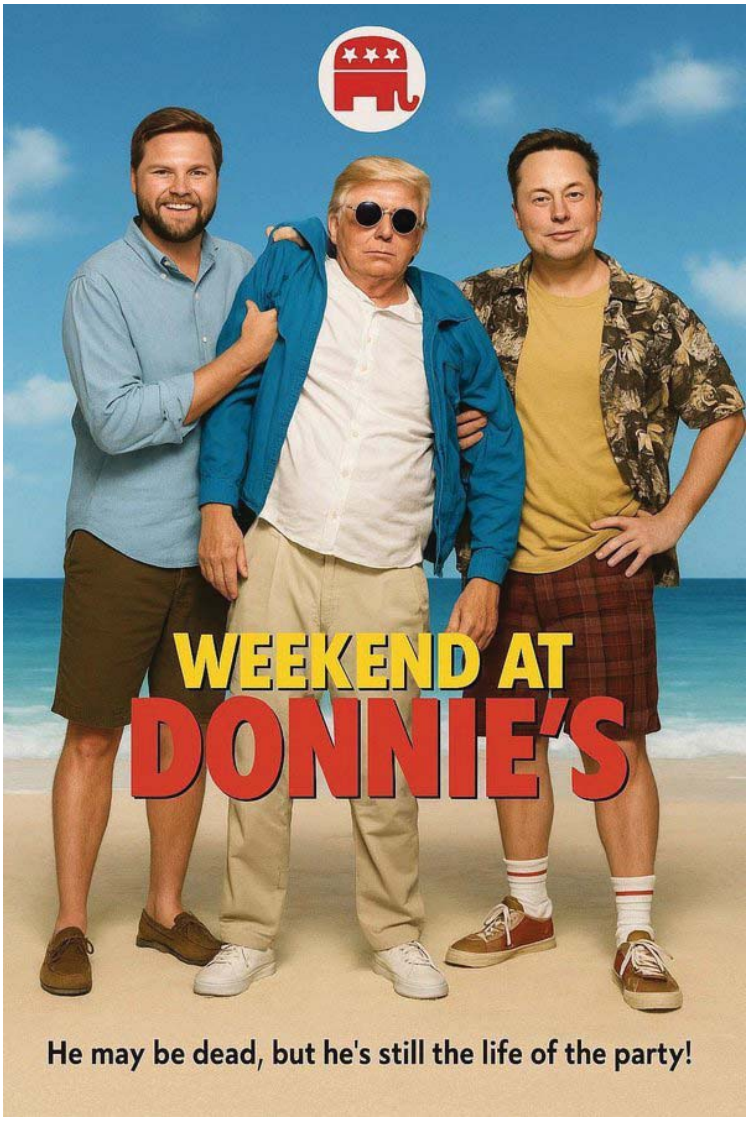
SEND SOME JEWS UP I HAVENT SUCKED A JEW COCK IN OVER 10 MINUTES!

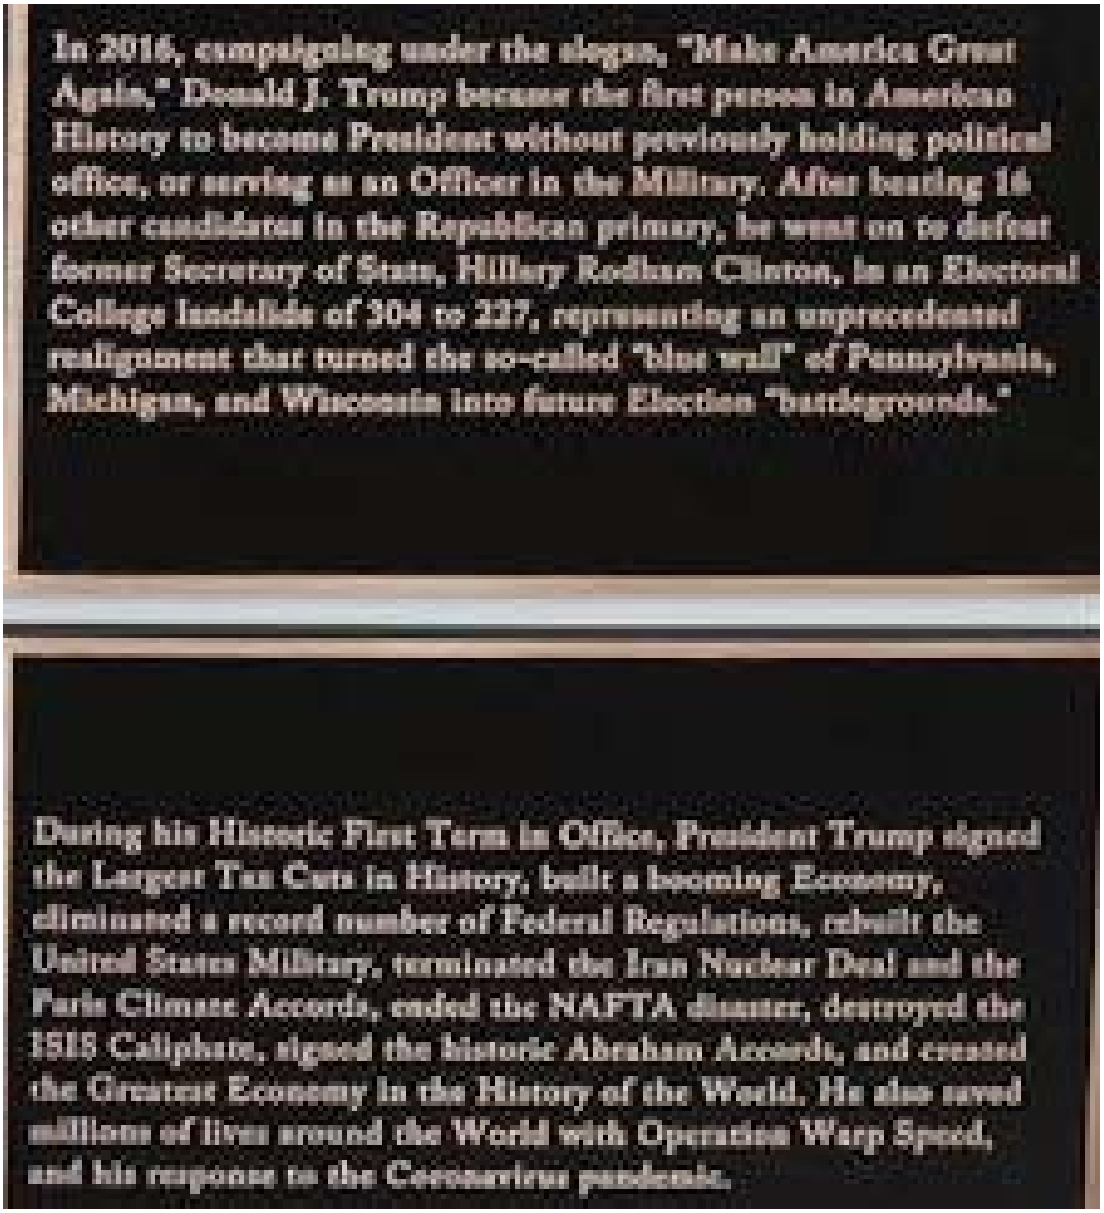


WEEKEND AT
DONNIE'S
He may be dead, but he's still the life of the party!

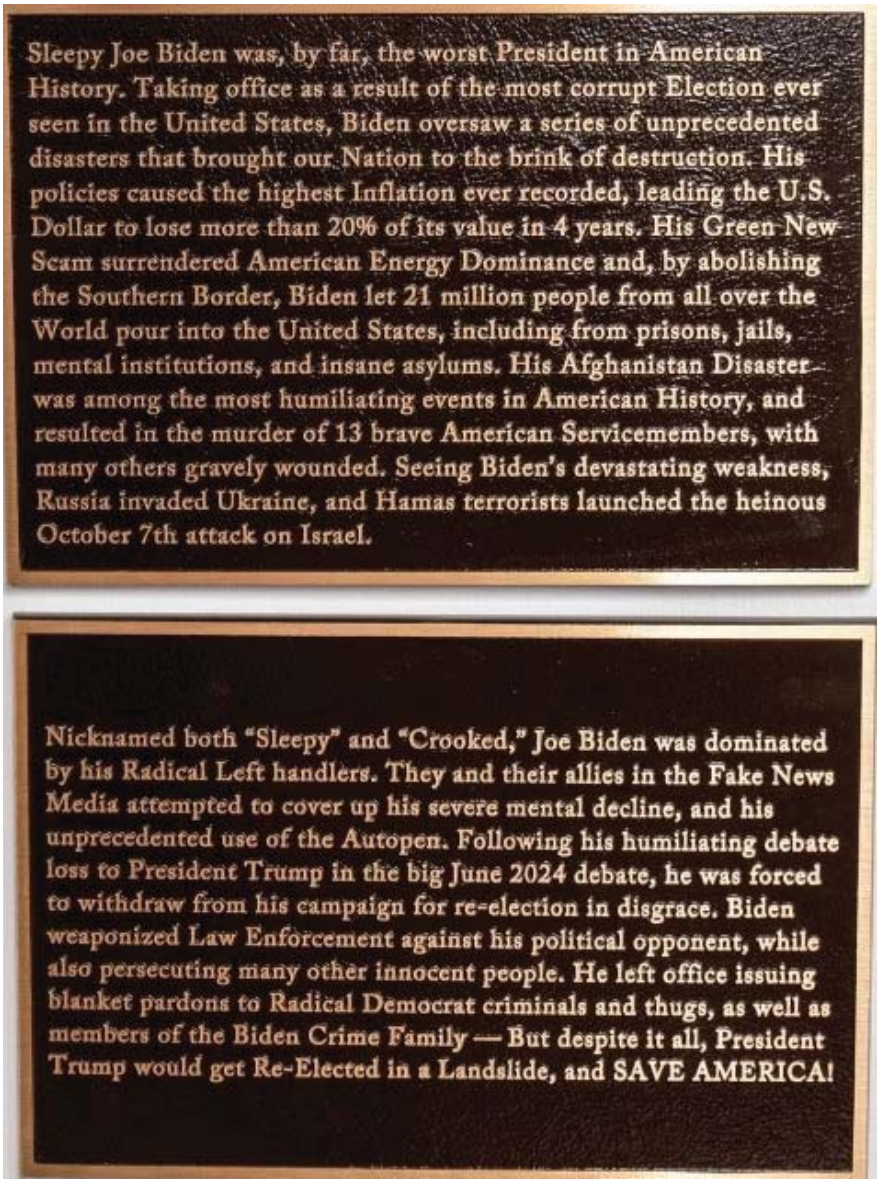
Trump According to....
FAR-LEFT
FAR-RIGHT

MONSTER
ENERGY

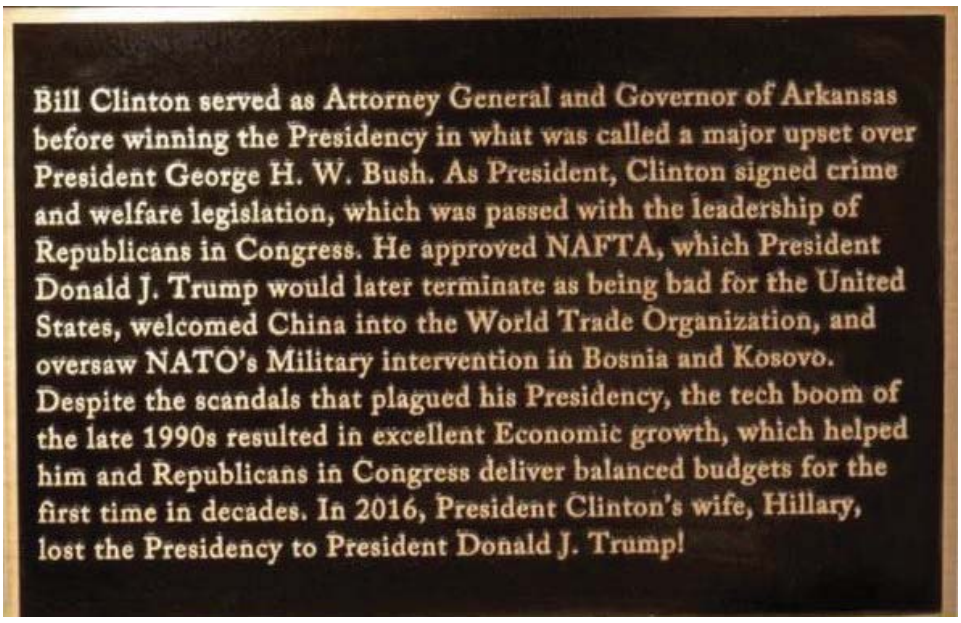
On January 20, 2025, Donald J. Trump became the first President in 132 years to be sworn into office for a second non-consecutive term, following his Historic Victory in an Electoral College landslide, 312 to 226; Overcoming unprecedented Weaponization of Law Enforcement against him, as well as two assassination attempts; he won all battleground States by millions of votes, was the first Republican in decades to win the Popular Vote, BIG, and won 88% of Counties in America, 2,700 to 525. All 50 States shifted toward the Republican Party for the first time ever. At his Inauguration, President Trump announced the beginning of the "Golden Age of America," and he delivered, ending eight wars in his first eight months, securing the Border, deporting gang members and migrant criminals, making our Cities safe, helping our Farmers, defeating Inflation, reducing Energy costs, and drawing Trillions of Dollars of new Investment, a RECORD, into the United States.
President Trump signed the Largest Tax Cuts in American History, the Largest Spending Cuts in American History, and implemented the Largest Ever Regulation Cuts. He obliterated Iran's nuclear enrichment capacity with Operation Midnight Hammer, convinced NATO Countries to agree to increase contributions from 2% to 5% of GDP, reformed the Global Trading System, and made America Rich with Historic Tariffs, banned Critical Race Theory and transgender insanity from public schools, and banned men from women's sports. He began the construction of the Golden Dome missile defense shield, renamed the Gulf of Mexico as the Gulf of America, and has built, right here at the White House, the magnificent Trump Presidential Ballroom after a 225 year wait — but THE BEST IS YET TO COME!



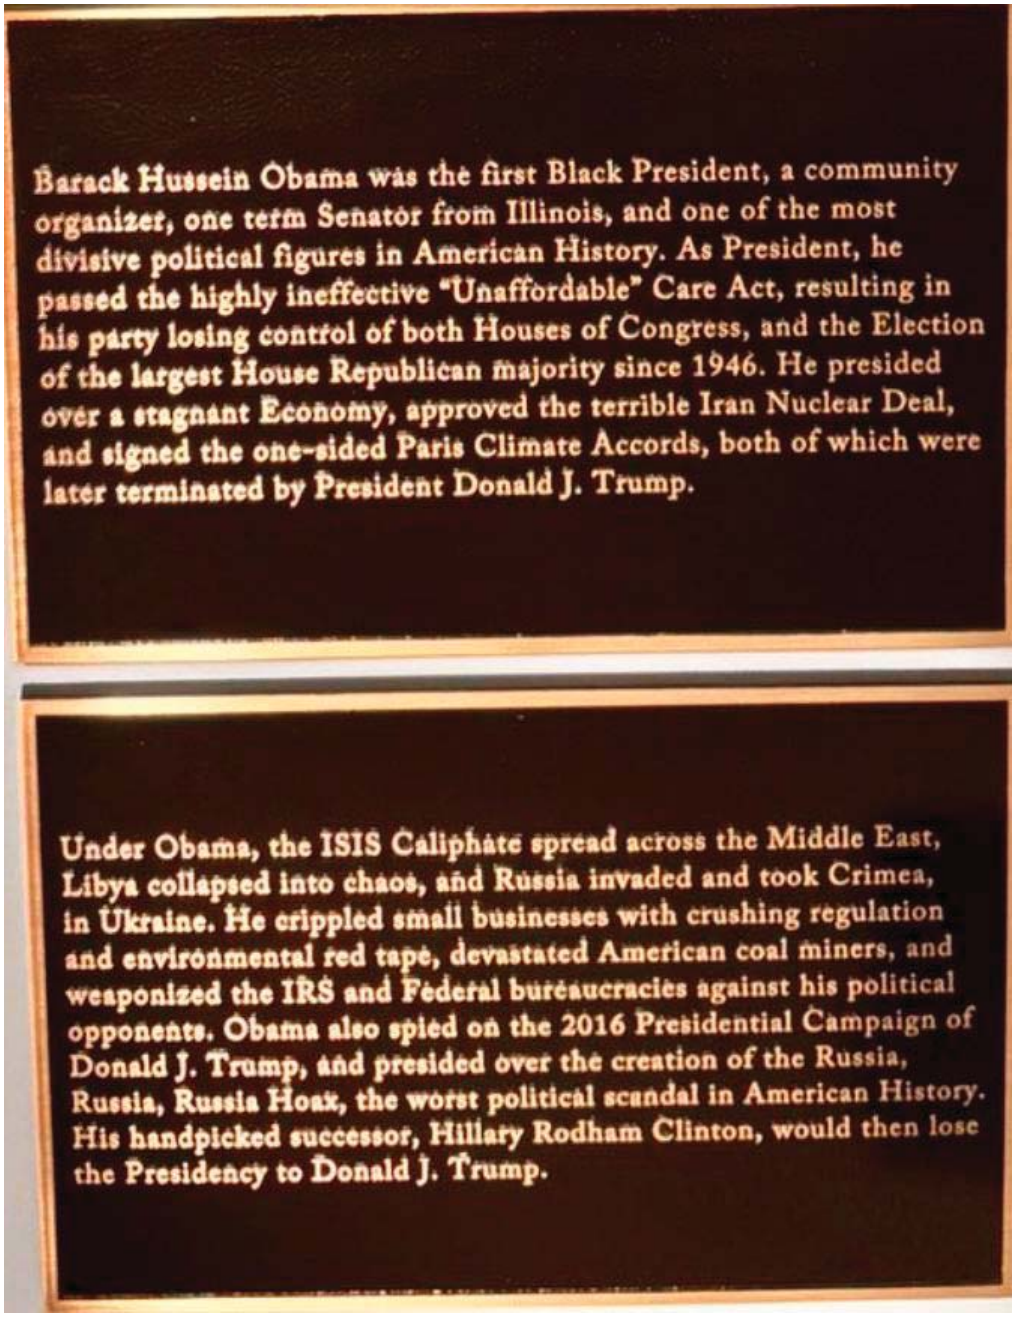
In 2016, campaigning under the slogan, "Make America Great Again," Donald J. Trump became the first person in American History to become President without previously holding political office, or serving as an Officer in the Military. After beating 16 other candidates in the Republican primary, he went on to defeat former Secretary of State, Hillary Rodham Clinton, in an Electoral College landslide of 304 to 227, representing an unprecedented realignment that turned the so-called "blue wall" of Pennsylvania, Michigan, and Wisconsin into future Election "battlegrounds."
During his Historic First Term in Office, President Trump signed the Largest Tax Cuts in History, built a booming Economy, eliminated a record number of Federal Regulations, rebuilt the United States Military, terminated the Iran Nuclear Deal and the Paris Climate Accords, ended the NAFTA disaster, destroyed the ISIS Caliphate, signed the historic Abraham Accords, and created the Greatest Economy in the History of the World. He also saved millions of lives around the World with Operation Warp Speed, and his response to the Coronavirus pandemic.



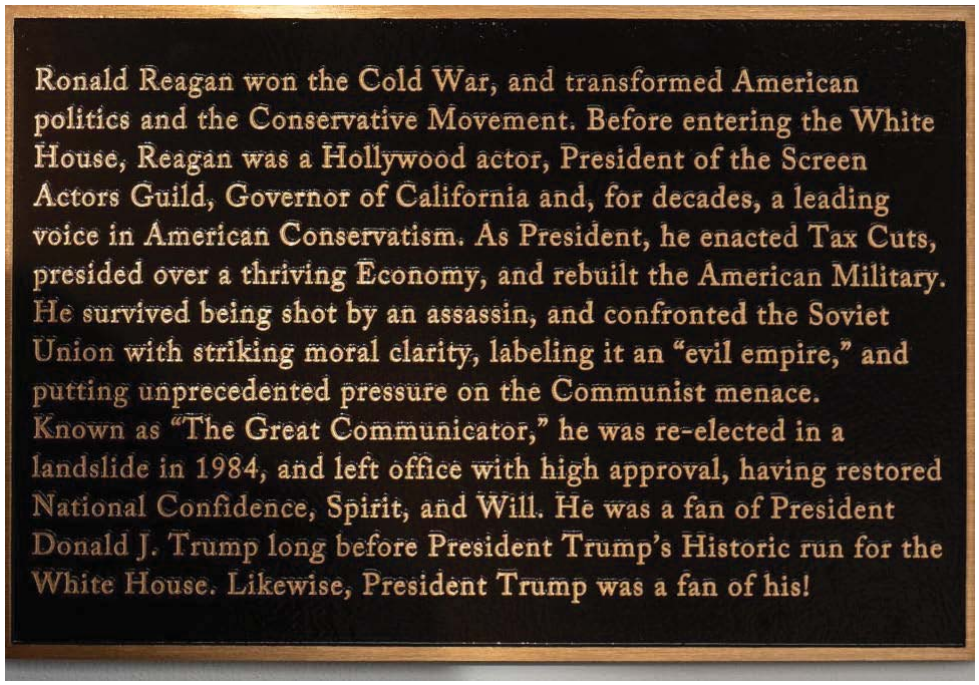
Sleepy Joe Biden was, by far, the worst President in American History. Taking office as a result of the most corrupt Election ever seen in the United States, Biden oversaw a series of unprecedented disasters that brought our Nation to the brink of destruction. His policies caused the highest Inflation ever recorded, leading the U.S. Dollar to lose more than 20% of its value in 4 years. His Green New Scam surrendered American Energy Dominance and, by abolishing the Southern Border, Biden let 21 million people from all over the World pour into the United States, including from prisons, jails, mental institutions, and insane asylums. His Afghanistan Disaster was among the most humiliating events in American History, and resulted in the murder of 13 brave American Servicemembers, with many others gravely wounded. Seeing Biden's devastating weakness, Russia invaded Ukraine, and Hamas terrorists launched the heinous October 7th attack on Israel.
Nicknamed both "Sleepy" and "Crooked," Joe Biden was dominated by his Radical Left handlers. They and their allies in the Fake News Media attempted to cover up his severe mental decline, and his unprecedented use of the Autopen. Following his humiliating debate loss to President Trump in the big June 2024 debate, he was forced to withdraw from his campaign for re-election in disgrace. Biden weaponized Law Enforcement against his political opponent, while also persecuting many other innocent people. He left office issuing blanket pardons to Radical Democrat criminals and thugs, as well as members of the Biden Crime Family — But despite it all, President Trump would get Re-Elected in a Landslide, and SAVE AMERICA!



Bill Clinton served as Attorney General and Governor of Arkansas before winning the Presidency in what was called a major upset over President George H. W. Bush. As President, Clinton signed crime and welfare legislation, which was passed with the leadership of Republicans in Congress. He approved NAFTA, which President Donald J. Trump would later terminate as being bad for the United States, welcomed China into the World Trade Organization, and oversaw NATO's Military intervention in Bosnia and Kosovo. Despite the scandals that plagued his Presidency, the tech boom of the late 1990s resulted in excellent Economic growth, which helped him and Republicans in Congress deliver balanced budgets for the first time in decades. In 2016, President Clinton's wife, Hillary, lost the Presidency to President Donald J. Trump!



Barack Hussein Obama was the first Black President, a community organizer, one term Senator from Illinois, and one of the most divisive political figures in American History. As President, he passed the highly ineffective "Unaffordable" Care Act, resulting in his party losing control of both Houses of Congress, and the Election of the largest House Republican majority since 1946. He presided over a stagnant Economy, approved the terrible Iran Nuclear Deal, and signed the one-sided Paris Climate Accords, both of which were later terminated by President Donald J. Trump.
Under Obama, the ISIS Caliphate spread across the Middle East, Libya collapsed into chaos, and Russia invaded and took Crimea, in Ukraine. He crippled small businesses with crushing regulation and environmental red tape, devastated American coal miners, and weaponized the IRS and Federal bureaucracies against his political opponents. Obama also spied on the 2016 Presidential Campaign of Donald J. Trump, and presided over the creation of the Russia, Russia, Russia Hoax, the worst political scandal in American History. His handpicked successor, Hillary Rodham Clinton, would then lose the Presidency to Donald J. Trump.



Ronald Reagan won the Cold War, and transformed American politics and the Conservative Movement. Before entering the White House, Reagan was a Hollywood actor, President of the Screen Actors Guild, Governor of California and, for decades, a leading voice in American Conservatism. As President, he enacted Tax Cuts, presided over a thriving Economy, and rebuilt the American Military. He survived being shot by an assassin, and confronted the Soviet Union with striking moral clarity, labeling it an "evil empire," and putting unprecedented pressure on the Communist menace. Known as "The Great Communicator," he was re-elected in a landslide in 1984, and left office with high approval, having restored National Confidence, Spirit, and Will. He was a fan of President Donald J. Trump long before President Trump's Historic run for the White House. Likewise, President Trump was a fan of his!

A guide to the average European country elections

Tax Haven Party

- Incumbent prime minister - Ran on an anti-corruption platform, most corrupt PM in history
- Gets re-elected despite a 15% approval rating, flying on Epstein's plane and holding cocaine parties during covid
- Highly respected pragmatic statesman according to wikipedia

19th century Social Democrats rebranded as gay neolibs Party

- Union leader turned technocratic banker
- Party hasn't been relevant since 2008
- Doesn't get why "more muslims and trans children" isn't popular with working class voters
- 10th party leader in 2 years

Slowly dying Christian Democrat Party

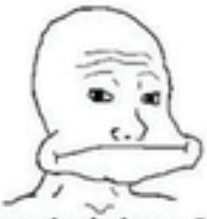
- Only remotely conservative stance they still hold is supporting a completely powerless constitutional monarch
- Doesn't matter how terrible they do in elections they WILL get into the coalition somehow
- Entire party is sustained by the votes of 120 year old elder liches in 500 pop villages

Right Wing Populists with basic optics Party

- Party is a glorified fan club of popular right-wing leader of the month
- Leader is called "The Trump of insert country" despite having been in politics since the 90s
- Grew from fringe basement group to second largest party after new "no more Hitler salutes" policy

Green karen Party

- Wants to make meat and gas more expensive during crippling economic recession
- Will seethe in pain if you ever mention nuclear energy
- Wants to lower voting age to 16 because that's the average age of their supporters



That one single issue Party

- Is either about animal rights, pensioner's or European ethnic minority group
- Nobody really knows why they exist and who votes for them
- Has 1 or 2 seats

I learned how to make capitalist economy that benefit the workers. The secret ingredient is racism

Tip

Very oppresive racist laws + laissez faire = you eventually run out of the unemployed and there are no more people coming in from the outside. Now capitalists have to compete for the workforce, so they drive wages up. It's really that simple

India is literally hell on earth and if you're a shit person you are reborn as Indian and your caste is assigned based on how malicious your acts were. During your Indian life you have to redeem yourself to be reborn as non-indian again otherwise you are put in a lower caste (and thus becoming more demonic) until you're dhalit.
This explains why india is so populous - hell is overcrowded.

Romani crucifixion legend

Article Talk

This article needs additional citations for verification.
(November 2023) Learn more

The **Romani crucifixion legend** is a story of how a Romani blacksmith made the nails for the cross upon which Jesus Christ was crucified.[1]

Versions

The condemnatory version states that as he made the nails to crucify Jesus Christ, the blacksmith and his kin were condemned to wander the earth and never settle.[2]

The laudatory version states that a Romani stole the fourth nail of the crucifixion to repair his cart, the fourth nail being the one which would have pierced Jesus's heart, and that ever since God has granted the Romani people the moral right to commit petty thefts for things they need on their travels. Writing for website *Travellers Times*, Damian Le Bas comments: "In reality, both stories are equally absurd, since Jesus was crucified long before the ancestors of today's Romanies ever left India. But the facts have done little to sap the legends' power."[3]

I advocate a world where Indians are hunted to extinction by a revived Rhodesian army with elephant rifles. Those who have kind feelings towards Indians will be hunted down and butchered.

To damn my soul for all eternity would be nothing if I could be the one to press the button to unleash nuclear holocaust upon the Indian subcontinent Mt Everest and Tibet would be spared the rest cleansed in nuclear fires. Plate tectonics would continue their slow march and form a new land free of the Indian menace the very earth groans under the hated indian populace their flesh is an abomination to all right and God fearing men and to spill their blood is no sin but a good and virtuous act St Michael and his host smile upon us as we cleanse the land of this hated species I propose an older solution starting in far northern latitudes we work south going from town to town and every Indian male we drag to the town center and disembowel yes every male regardless of age packs of wild dogs will follow us around and consume the bodies just as the need arises we continue until we feel the cold Antarctic waters at our feet. Dig deep pits and throw Indians in they won't care or notice such is the level of inbreeding in that race, their women are not even worthy of rape even for momentary pleasure or sexual release it would be better to breed a she-aboriginal as they are docile and easily contained but brothers I must tell you if you impose yourself on them they must shortly after be resigned to the bullet or the sword as we will suffer no half-breeds to trouble the world further they also go into the pits but listen now, may God bless you and generations of our ancestors innumerable they direct our weary hands to spill subhuman indian blood that future generations will be born free of the Indian menace raise strong boys and girls, great leaders of men that if it be God's will, drive the Indian hoards and their hated flesh into the sea

Indians just want a better life. I mean, Russians are pretty white skinned and even they flee from their war torn country to live in 1st world nations. Is it so wrong for an Indian to improve his life?

>Fix India instead of fleeing

I could say the same to Americans fleeing to Japan. Why not fix America hmm? Easier said than done.

Anonymous (ID: uwYW0ezX) 11/06/25(Thu)07:18:52 No.520701410

Indian hate is entirely driven by aesthetics. The indian race has been breeding in a dysgenic manner for 1000s of years, and have no consideration for beauty. Not just in their appearance, but also the way they act and behave. There's been a massive influx of indian immigrants, that combined with the image of the ugly, shitting pissing, stinky caricature, it's a recipe for disaster, and all but confirms the success of fascism in the near future, if even the most tolerant liberal is okay with engaging in indian hate, it is clear proof there is a real appetite for fascism

Why Shouldn't You Be Allowed To Shit Outdoors? Anonymous (ID: uk38qMoE)
07/28/24(Sun)20:47:32 No.476028016
From a purely logical perspective, why shouldn't people be allowed to shit outdoors? I get it's gross and you don't want to step in it, but think about it beyond that.
I think anal sex is gross, but I don't think it should be banned. If we rely on the ick factor, then the majority can infringe on people's right to porn, for example.
I went on an 8+ hour hike once and I had to take a shit really badly. Should that not be allowed? Did I do something wrong? Should that be something we imprison people for?

I guess my point is that that is still not reason enough to outlaw something. A beach is kind of a secluded area. It's near the water and the shit would just go into the ocean eventually. Not sure what the problem there is.
I could maybe see a point that you shouldn't be allowed to shit in the city, but a beach if kind of out of the way of regular people.
>>476028548
If you want to go the route of "it spreads disease" then you can basically outlaw casual sex between non-married people as well. Not to mention, environmentalists could say that your car's exhaust is hazardous to human health.

You are atheist because you don't believe in existence of God.

I am atheist because I despise God for inflicting the punishment of women upon mankind.

We are not the same.

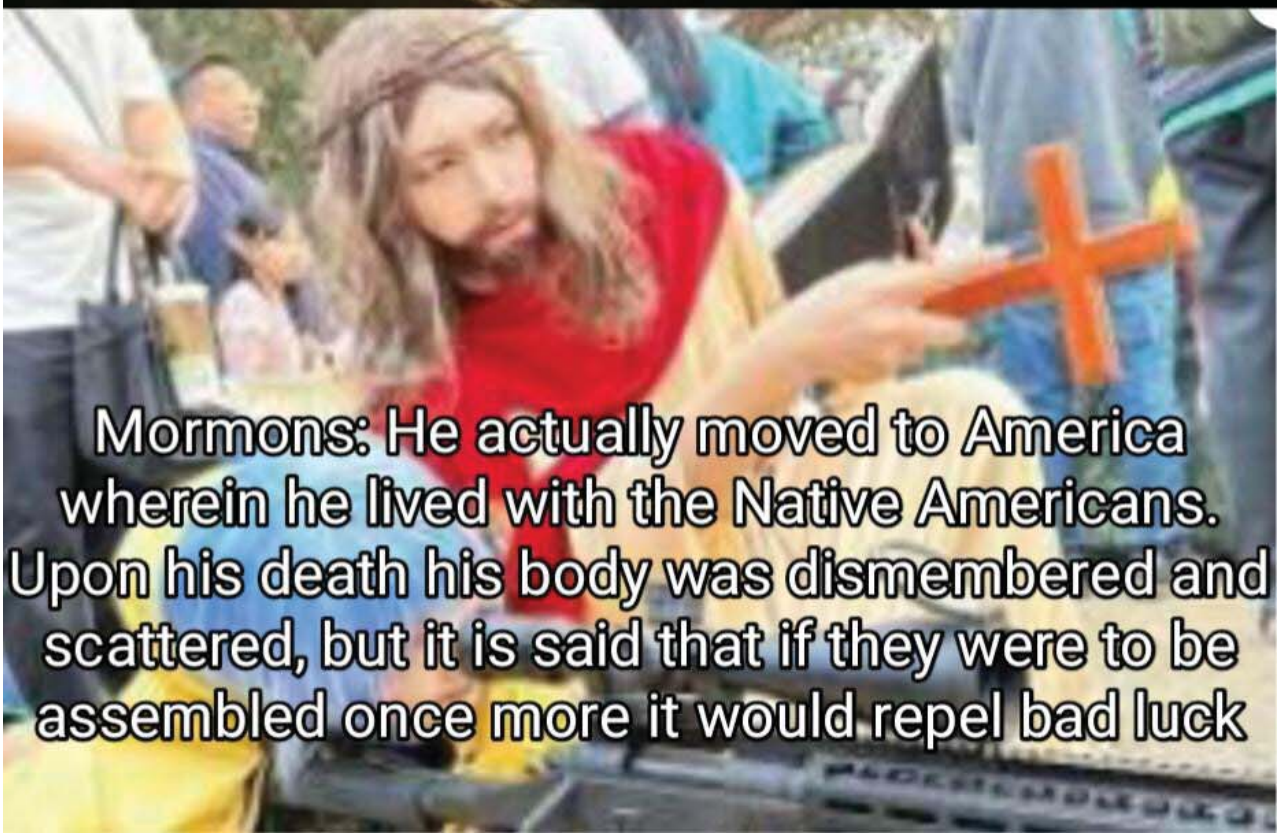
Muslims: Jesus ascended to heaven
Chinese: His brother didn't die on the cross, he travelled to China and begun the Taiping rebellion
Japanese: His brother, Isukiri, took his place on the cross, while Jesus travelled to Japan and became a rice farmer.



Mormons: He actually moved to America wherein he lived with the Native Americans. Upon his death his body was dismembered and scattered, but it is said that if they were to be assembled once more it would repel bad luck

Sahih al-Bukhari » Bathing (Ghusl) - كتاب الغسل

Sahih al-Bukhari 278

Narrated Abu Huraira:

The Prophet said, 'The (people of) Bani Israel used to take bath ***naked*** (all together) looking at each other. The Prophet ***Moses*** used to take a bath alone. They said, 'By Allah! Nothing prevents ***Moses*** from taking a bath with us except that he has a scrotal hernia.' So once ***Moses*** went out to take a bath and put his clothes over a ***stone*** and then that ***stone*** ran away with his clothes. ***Moses*** followed that ***stone*** saying, "My clothes, O ***stone***! My clothes, O ***stone***! till the people of Bani Israel saw him and said, 'By Allah, ***Moses*** has got no defect in his body. ***Moses*** took his clothes and began to beat the ***stone***." Abu Huraira added, "By Allah! There are still six or seven marks present on the ***stone*** from that excessive beating."

Narrated Abdullah ibn Umar: When the Prophet wanted to relieve himself, he would not raise his garment, until he lowered himself near the ground.
Abu Dawud 1:14
Narrated Amr ibn al-'As: AbdurRahman ibn Hasanah reported: I and Amr ibn al-'As went to the Prophet . He came out with a leather shield (in his hand). He covered himself with it and urinated. Then we said: Look at him. He is urinating as a woman does.
(Abu Dawud #1, Hadith #0022)
I saw Allah's Apostle answering the call of nature while sitting on two bricks facing Bait-ul-Maqdis (Jerusalem) but there was a screen covering him.
(FatehAl-Bari, Page 258, Vol. 1). (Bukhari Book #4, Hadith #147)
Aisha (may Allah be pleased with her) said: Whoever tells you that the Prophet used to urinate standing up, do not believe him. He only ever used to urinate sitting down.
Sahih al-Tirmidhi No. 11
Narrated Mughirah ibn Shubah: When the Prophet went (outside) to relieve himself, he went to a far-off place.

Then he [the narrator] mentioned a group of male members [*haneen*, i.e. men] who looked like Zutt people, as 'Affan said Allah willing, with no clothes on (but I did not see their genitals), tall and scrawny. And they came and started to ride [*yarkaboun*] the Messenger of Allah (SAW), and the Prophet of Allah (SAW) began to recite to them. And they started to move closer and lean around me, and get in my way, and I become intensely terrified of them, so I sat down. And when the morning light broke, they began to go away. Then the Messenger of Allah (SAW) came back exhausted and in pain, or practically in pain, from how they had ridden him; He said: Indeed I am exhausted. Then the Messenger of Allah (SAW) put his head in my lap. And the scrawny ones came with tall white garments on, but the Messenger of Allah (SAW) had fallen asleep. And I became more intensely terrified of them than I was the first time. …

In simple terms:

Hamada went out at night with Abdullah ibn Masud into the desert and drew a line in the sand and told him, "Don't cross this line." Afterwards, he met a group of people called the Zutt. I'll explain who the Zutt are later.

The important thing is, the story literally says that the Zutt mounted the Prophet... literally like that. And in Arabic, it's normal to say "mounted" as a euphemism for "fucked."

Then, some of them tried to mount Abdullah ibn Masud, so he was scared and sat on the ground (probably trying to hide his ass). When morning came, Muhammad returned to Abdullah and was tired from all the mounting (this is literally mentioned in the story) and rested on Abdullah's thigh.

The Zutt, according to Arabic accounts, are a people whose origins are from India, they live in the desert, and are characterized by having large penises.

Muhammad's experience of gay group sex. [Real Islam with Documents]

Discussion / Question - Answer

Muhammad's gay group sex experience [Real Islam with Documents]

A note before we begin:
All evidence and arguments in this text will be presented with their sources. Claims will not be concealed behind Islamic protection laws such as "unopenable secret archives" or "TCK 216/3."

Peace be upon you,

Our topic today is the following narration (the important part of the narration has been translated, and the whole of it is in the source):

> The Messenger of Allah (saw) called me, we set out, and I arrived at a certain place. There, he drew a line for me and said, "Do not go beyond these two lines; if you go outside, you will be destroyed."
>
> I stood there. Then the Messenger of Allah (ﷺ) went to a place about a stone's throw away or a little further. Then he mentioned some people from the people of Hanin (who looked like the people of Zutt). 'Affan narrated: **They were without clothes** and I did not see their genitals; they were tall and thin.
>
> **They came and began to mount the Messenger of Allah (peace be upon him)** . He was reciting the Quran to them. They were bowing down around me, coming close to me, and obstructing me. I felt a great fear of them and sat down. **When the morning light broke,** they began to retreat.
>
> **Then the Messenger of Allah (ﷺ) came back, tired and almost in pain** from being made to ride them. He said, "I really feel very heavy."
>
> **The Prophet placed his head on my lap** . At that time, the people of Hanin **were dressed in long white robes** . The Messenger of Allah had fallen asleep. Abdullah said, "I was more afraid of them than when they first came."

Introduction : According to the story, Muhammad was going somewhere with his friend. He then drew a definite line and said, "Don't come any closer." When Muhammad had moved a short distance away, a group of unclothed people approached him and mounted him. English translations render this as "ridden" (riding like a horse). After this incident, Muhammad, out of breath and in pain, returned to his friend. "I am truly tired and in pain," he said, and fell asleep in his friend's arms. While Muhammad was sleeping, the same people, this time wearing long white robes, arrived and departed at sunrise.

Comment: The narration clearly shows that Muhammad had sexual intercourse with a group of men. The incident occurred that night, when these men, who weren't wearing any clothing, knelt on top of Muhammad and, as you know, fucked him. Muhammad wouldn't tire of reciting verses to them, and it's not right to feel pain. After exhausting himself from having sex all night, he experienced hip pain from the men "knocking him down." When he was finished, he returned to his friend and fell asleep on his lap, on another man's lap.

Muslim Argument: According to Muslim commentators, the figures described in the narration are jinn or angels. Muhammad's fatigue stems from reading the Quran to them. The term "nakedness" indicates that these beings do not imply physical nudity, but rather, in the Arabic context, they mean "supernatural beings."

Answer to the Muslim: There is no such thing as a jinn or an angel. Since there isn't one, there's clearly a group of naked men here. Looking further into the narration, it says that these naked men were dressed in "long white robes" when the event was over. In Turkish, after the group sex, they dressed and left. No one was out of breath from reciting verses all night, and no one felt any pain from reciting verses all night. As you know, they had sex all night, and Muhammad suffered hip pain as a result.

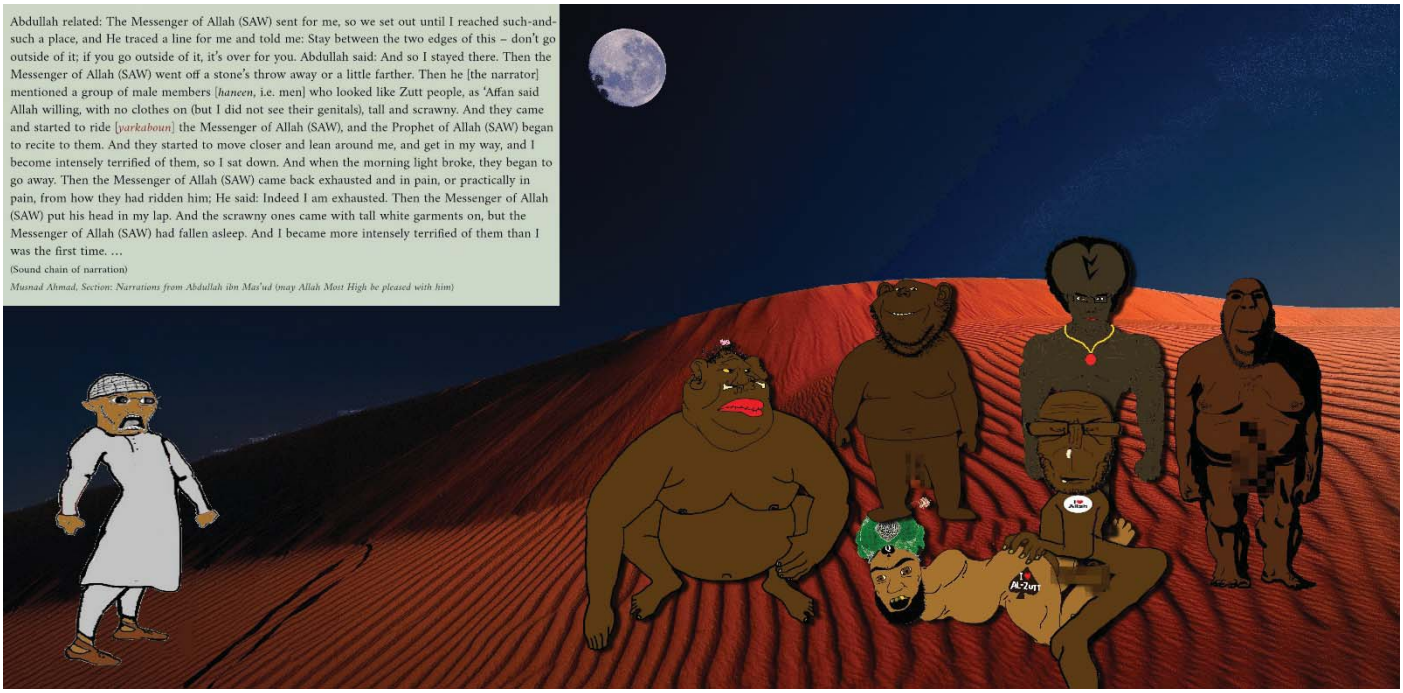
The men of Al-Zutt:
What really happened during that fateful night?

Musnad Imām Ahmad : 3788

They came and began to **ride on the Messenger of Allah** while he recited to them. They would come and surround me, making sounds that frightened me greatly, so I sat there or as it was said. When the dawn broke, they started to leave. The Messenger of Allah then returned heavily burdened or **was in some pain from what they did**.



Abdullah related: The Messenger of Allah (SAW) sent for me, so we set out until I reached such-and-such a place, and He traced a line for me and told me: Stay between the two edges of this – don't go outside of it; if you go outside of it, it's over for you. Abdullah said: And so I stayed there. Then the Messenger of Allah (SAW) went off a stone's throw away or a little farther. Then he [the narrator] mentioned a group of male members [*haneen*, i.e. men] who looked like Zutt people, as 'Affan said Allah willing, with no clothes on (but I did not see their genitals), tall and scrawny. And they came and started to ride [*yarkaboun*] the Messenger of Allah (SAW), and the Prophet of Allah (SAW) began to recite to them. And they started to move closer and lean around me, and get in my way, and I become intensely terrified of them, so I sat down. And when the morning light broke, they began to go away. Then the Messenger of Allah (SAW) came back exhausted and in pain, or practically in pain, from how they had ridden him; He said: Indeed I am exhausted. Then the Messenger of Allah (SAW) put his head in my lap. And the scrawny ones came with tall white garments on, but the Messenger of Allah (SAW) had fallen asleep. And I became more intensely terrified of them than I was the first time. …

Medieval Arab sources and anecdotes strongly associated the al-Zutt with *extreme virility and sexual potency*, often describing them with exaggerated sexual characteristics and abilities [1]. Early Arabic literary works and ethnographic accounts characterized the al-Zutt as "very sexual and virile with very large penises," stating rhetorically that *"the penis of al-Zutt never weakens,"* symbolizing endless sexual potency and associating them with constant sexual readiness and appetite [1]. Such language reflected both stereotypes and the fascination—sometimes fear—of Arab chroniclers toward foreign peoples with distinct appearances and perceived "primitive" masculinity [1].

These descriptions, appearing alongside the depiction of their physical strength, stature, and endurance, became a recurring stereotype: al-Zutt were portrayed as sexually dominant, robust, and exceptionally fertile, merging myth, rumor, and prejudice into an exaggerated image.

Zuṭṭ[a] is an Arabicised form of Jat.[2] Originally inhabitants of lower Indus Valley, Jats were present in Mesopotamia from the 5th century AD since the times of the Sasanian Empire, although their main migration occurred after the establishment of Umayyad Caliphate. They were one of the prominent ethnic groups in lower Iraq during the Islamic Golden Age, supplying mercenary soldiers to the Muslim states. Their mention fades from Arab chronicles after the 11th century.

Bro, I think my friend is gay, he sent me a text saying five dudes " يَرْكَبُونَ " him all night, what does that mean? I'm not homophobic I'd just like him to be upfront, maybe he's trying to signal something?

Yeah, that Arabic word — "يَرْكَبُونَ" **(yarkabūn)** — literally means **"they ride"** or **"they are riding."**

So your friend's message, **"five dudes يَرْكَبُونَ him all night,"** taken literally, translates to **"five guys are riding him all night."**

In context, that's a **pretty suggestive or sexual** phrase — and unless he was clearly joking, it *could* be him hinting at something, especially if he chose to write it that way on purpose (the Arabic verb makes it sound more dramatic or coded).

Listen, if you want to understand how emanations work, it's like this:

If you're an infinite thing like God, and you want to become a finite thing like the world, how do you go from infinite to finite? Answer: emanation.

You know when youre at a wedding, and there's a big pyramid of wine glasses? And they fill the wine glasses by pouring champagne into the top, so it overflows and then fills all the glasses beneath it? Imagine the wine bottle is infinite. That's God.

Each of the glasses is called a hypostasis. God can emanate through many hypostases to reach it's final emanation.

As for how many hypostases there are, and how they're arranged, that's the tricky one. Every religion has a different answer, and it's never simple.

Except this is gnostic midwittery and God doesn't want to or even need to expecting being a finite thing. He wants us humans, which were granted death as a mercy so we didn't have to spend an eternity in sin, to once again rejoin him as his children and spend eternity with him.

Our Nietzsche

hallowed be thy Will to Power.

Thy Übermensch come,
thy transvaluation be done,

Give us this day our Dionysian excess,

Lead us not into herd mentality,

Stupid AOC, Alexandria Ocasio-Cortez, one of the “dumbest” people in Congress, is now calling for my Impeachment, despite the fact that the Crooked and Corrupt Democrats have already done that twice before. The reason for her “rantings” is all of the Victories that the U.S.A. has had under the Trump Administration. The Democrats aren’t used to WINNING, and she can’t stand the concept of our Country being successful again. When we examine her Test Scores, we will find out that she is NOT qualified for office but, nevertheless, far more qualified than Crockett, who is a seriously Low IQ individual, or Ilhan Omar, who does nothing but complain about our Country, yet the Failed Country that she comes from doesn’t have a Government, is drenched in Crime and Poverty, and is rated one of the WORST in the World, if it’s even rated at all. How dare “The Mouse” tells us how to run the United States of America! We’re just now coming back from that Radical Left experiment with Sleepy Joe, Kamala, and “THE AUTOPEN,” in charge. What a disaster it was! AOC should be forced to take the Cognitive Test that I just completed at Walter Reed Medical Center, as part of my Physical. As the Doctor in charge said, “President Trump ACED it,” meaning, I got every answer right. Instead of her constant complaining, Alexandria should go back home to Queens, where I was also brought up, and straighten out her filthy, disgusting, crime ridden streets, in the District she “represents,” and which she never goes to anymore. She better start worrying about her own Primary, before she thinks about beating our Great Palestinian Senator, Cryin’ Chuck Schumer, whose career is definitely on very thin ice! She and her Democrat friends have just hit the Lowest Poll Numbers in Congressional History, so go ahead and try Impeaching me, again, MAKE MY DAY!

"Is he aware of the reality on the ground, of the numerical advantage of the Russians, of the depleted stock of the Europeans or their even more depleted industrial base?"

This is just a very weird posture to start with in negotiations, that your side is weak and the other is strong. Even if true, is it good to telegraph to the other side this is how you're thinking about the issues? Would Trump negotiate a business deal this way, starting off by telling the other side they have all the leverage?

Incredible experience. It's breathtakingly beautiful. Everything you heard about expedition 33 is true. The gameplay and story is a fantastic breath of fresh air in a market that's filled with horrible AAAA+ games that promise the world, but never deliver.

The story had me crying like a bohemian revolutionary with nicotine dependency who just found out his favourite croissant factory has been closed due to consistent strikes. If that's the feeling you're looking for, you should purchase it immediately.

"Errr... Ok... Then why the negative review?"

Unfortunatly Expedition 33 portrays the French as charismatic and likeable people. That's too much fiction for my taste.

Bill Murray receives a legal demand from the Doobie Brothers. And it's everything you'd want it to be...

Re: **Doobie Brothers *Listen to the Music***

Dear Mr. Murray:

We're writing on behalf of our clients, the Doobie Brothers. The Doobie Brothers perform and recorded the song *Listen to the Music*, which Tom Johnston of the Doobie Brothers wrote. It's a fine song. I know you agree because you keep using it in ads for your Zero Hucks Given golf shirts. However, given that you haven't paid to use it, maybe you should change the company name to "Zero Bucks Given."

We understand that you're running other ads using music from other of our clients. It seems like the only person who uses our clients' music without permission more than you do is Donald Trump.

This is the part where I'm supposed to cite the United States Copyright Act, excoriate you for not complying with some subparagraph that I'm too lazy to look up and threaten you with eternal damnation for doing so. But you already earned that with those Garfield movies. And you already know you can't use music in ads without paying for it.

“Once again Macron has confirmed that he is an absolute liar. He lied that hospitals are not being built in Russia, confusing the situation with his own country. Let me remind you, you miserable, worthless scum, that you cannot forgive us for kicking you out of Africa, nor can you forgive us for your own people despising you and your husband pretending to be a woman. And they despise you so much it’s even laughable to talk about Macron’s popularity. You despise the French; you have stolen their future. The main question is: even if *we* have corrupt officials, which we know about – legal cases are under way, they are regularly jailed – but they steal *our* money! And we squeeze them dry and return the money to the budget. Macron: Ukrainians stole the money of European and American taxpayers, and you are one of the recipients of that money! If not, sue me! [You,] betraying Russia which has so many times forgiven the worthlessness of French politicians out of respect for the great French people. You are not worthy of the French people. You have no relation to them. Get out of here, you vermin!”

I don't ask a lot but at this point I feel like I'm just counting the minutes until my brain shuts down and I forget that there was ever a "me" in the first place.

I hate my kids, and resent my wife because of them.

Discussion

I never wanted kids. Never saw myself as a family man. I now have 3 kids. They are all amazing. I hate them more than anything.

I hate being needed. I hate the whining. I hate how they have ruined my life. I hate how I can't do the things I want to do because they exist.

I also resent my wife for making me choose between losing her or having kids. She gave me an ultimatum, and I've realized I made the wrong choice.

I don't hate children in general. And if other people want to have kids, more power to them. But I feel like this is the biggest mistake I've ever made. The stress is so bad that I was put on a 72 hour suicide watch at the hospital. I would rather kill my self than continue down this road.

But I'm trapped. I had these kids. I made this terrible decision. So now I have to do my best to be an amazing dad for them. And I do my best. Just because I hate them, it doesn't mean they deserve a shitty life. I get no good emotion from being a father. Hearing them laugh, or tell me they love me does nothing for me. If my wife and kids died in a fiery car wreck, I doubt I'd even cry.

I want to leave, but they don't deserve a broken home. And by the time they are 18, the economy will probably be so collapsed that it will be normal for several generations of family to live under one roof, and I'll be trapped. I want to leave them, but I was raised better. And anytime I start to put my escape into motion, I feel guilty. Not sad. Guilty.

GAME OVER

I think I lost guys. I'm 40, I got 2 work gaps. One because I tried to start my own company for 4 years and second because I stayed at home to take care of the kid for 6 years. My wife was in bad health so I stayed. My wife turned hardcore feminist and it's impossible to spend time with her now.
I need to leave but who will want to hire me? I don't think I'll get retirement money for the little time I worked. Even if I'll get a job I will be poor for the rest of my life and will have to work till I die.
I lost guys, I don't see a way out.

Long story short:
I'm dying.
The cancer is winning.

I don't plan on visiting FJ ever again.
My health has been deteriorating rapidly.
I fell unconscious several times between my last post on here and now.
Some people on here sent me links for alternative treatment methods, and my nephew insisted I try some of them.
I'm taking pills and drinking some stuff, get injections once a week.
No idea what's in them.

I'm not in pain. My motor functions are compromised though.
I've typed this with my left hand.

I plan on reading and lying in bed until the inevitable happens.
I can't move too well anymore anyhow.

Maybe whatever I'm given and taking will cure the cancer, but either way, I've made my peace with it all.

I'll put in a good word for you lot when I'm in hell.
Maybe, but hopefully not, I'll be seeing you down there.
(Coincidentally, I plan those to be my last words. My family will get the joke, they all have a dark sense of humor.)

Thanks for the memes, cute stuff and the *********.

Goodbye.

P.S.:
Maybe take this opportunity and go to the doctor about that issue you're pretending not to be worried about?

> BREAKING: AOC sends a letter to AG Pam Bondi asking if she is under investigation for giving advice to criminal aliens on how to evade ICE.

ALEXANDRIA OCASIO-CORTEZ
14TH DISTRICT, NEW YORK

ENERGY & COMMERCE COMMITTEE

Congress of the United States
Washington, DC 20515

February 27, 2025

The Honorable Pam Bondi
Attorney General of the United States
Department of Justice
950 Pennsylvania Avenue NW
Washington DC 20530

Dear Attorney General Bondi,

I write to request clarity on whether the Department of Justice (DOJ) has yielded to political pressure and attempts to weaponize the agency against elected officials whose speech they disagree with. Over the past two weeks, "Border Czar" Tom Homan has gone on multiple forums threatening political prosecution against me, citing resources I distributed informing my constituents and the American public of their constitutional and legal rights.

On February 13, 2025, Mr. Homan announced that he had asked the Deputy Attorney General to open an investigation, and that I will be "in trouble now." It has been 14 days since Mr. Homan first threatened to weaponize your agency, but I have not yet heard any referral from the federal government. Homan's actions undercut core Constitutional rights and further transparency is necessary.

I am sure you aware of the First Amendment of the United States Constitution:

> "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

Indeed, last week, Vice President Vance said that "we may disagree with your views, but we will fight to defend your right to offer it in the public square." Mr. Homan's repeated attempts to use your agency to politically intimidate duly elected officials are a textbook threat to the right to free speech in the United States. Threatening criminal proceedings for exercising the First Amendment is itself a violation of the First Amendment.

Educating the public about their rights, especially in a time of rising uncertainty, is a key part of our responsibility as elected officials. A government that uses threats of DOJ investigations to suppress free speech is a threat to all, regardless of political ideology. Please respond no later than March 5, 2025, with an update on the Department of Justice's response to Mr. Homan's request and transparency as to whether my office or myself is actively under investigation for exercising their First Amendment rights and executing on our congressional responsibilities.

Sincerely,

Alexandria Ocasio-Cortez, Member of Congress

Johnny Somali's South Korea case takes dramatic turn with guilty plea

Legal difficulties have intensified for the controversial streamer known as Ramsey "Johnny Somali," now placing him with eight criminal charges in all. The implications of which range anywhere from public disturbance to deep fake production. Disruptions on the road through bus passengers while livestreaming! Such is how Somali ought to cooperate with the obstruction charge, paying a fourth on July 27, 2025, say legal analysts against complaints by the citizens and the police's intervention.

From Denial to Admission

In a surprise move, Somali changed his position on the obstruction count during his appearance in the courtroom on August 13 and pleaded guilty to the latest charge of obstruction. He has since entered guilty pleas to all four charges of obstruction of business on record.

According to noted legal commentator who closely followed the case via the YouTube channel Legal Mindset, Andrew Esquire, "He has now pleaded guilty to all four obstruction charges. He changed his not guilty to guilty; he's pleaded guilty to everything. The only thing he's fighting is the deepfakes."

Polish businessman Piotr Szczerek, co-founder of the well-known landscaping and paving company Drogbruk, recently became the focus of global attention. Driver distracted by dropped cigarette was partially ejected in rollover crash

By Claudia Bravo · January 10, 2024 · 1459 · 0

A Bentley SUV rolled twice after crashing into the back of a passenger car on Corral Canyon Road Tuesday night, and the driver of the SUV was partially ejected because she was not wearing a seat belt, police say.

Both the driver of the 2020 Bentley SUV and the 2013 Dodge sedan were transported to the hospital. They are expected to survive their injuries, Lt. James Royal of the Malibu/Lost Hills Sheriff's station said.

Royal said the driver of the SUV, a 35-year-old Beverly Hills woman, became distracted when she dropped a lit cigarette in her vehicle. She was cited for inattentive driving and failure to wear a seat belt.

So the ALWAYS ONLINE BED that uploads 20g of data a month requires a 200 dollar subscription to work lmao

If the bed can't access AWS, it can't confirm you have paid the subscription, so it lifts itself upright to keep you from sleeping on it 🤣😭

Former French President Nicolas Sarkozy was apparently kept awake by prisoners threatening him, shouting:

"Oh Sarko, you son of a whore, wake up! You killed Muammar Gaddafi..."

On Sept 25 2025, a Paris court found Sarkozy guilty of criminal conspiracy for allegedly accepting campaign funds from Libya's Gaddafi regime to finance his 2007 presidential bid.He was sentenced to five years in prison, with the sentence made effective even if he appeals, a first for a modern French president.

Sarkozy began serving his term on Oct 21 2025 at Paris's La Santé prison.

Can I get a full rundown? I must have fallen for the hype cuz it sounded like they brought back giant wolves from long long ago.

Apparently not?

people say theyre not dire wolves because the method used was tto inject dire wolf genes into specific secttions of grey wollf dna instead of direct cloning. Basically jurassic park. I think they basically count though, and the only reason they're not "real" dire wolves is because the team making them made a conscious decision to improve the resilience of the genetics to be less susceptible to inbreeding issues.

It was not part of their blood,
It came to them very late
With long arrears to make good,
When the Leaf began to hate.

They were not easily moved,
They were icy-willing to wait
Till every count should be proved,
Ere the Leaf began to hate.

Their voices were even and low,
Their eyes were level and straight.
There was neither sign nor show,
When the Leaf began to hate.

It was not preached to the crowd,
It was not taught by the State.
No man spoke it aloud,
When the Leaf began to hate.

It was not suddenly bred,
It will not swiftly abate,
Through the chill years ahead,
When Time shall count from the date
That the Leaf began to hate.

Description(1)

While 'Karmageddon' has sparked significant conversation and controversy, Iyah has stood her ground. She refused to compromise her vision when asked to change a key lyric line, leading to the end of her contract with her manager. She chose to walk away from her record label and now, fully independent, Iyah continues to carve her own path as an artist.

Her fearless approach is shaped by her unique perspective as a qualified medical doctor, having worked on the frontlines during the COVID-19 pandemic.

LYRICS:
I open up my phone on a Monday morning
Staring at my screen
I'm tired and a little lonely
Mr Musk he said some shit the lefts are angry
Twitter wars and Gaza man it's overwhelming
Maybe that's how life becomes when
People less important than a profit line
No one cares about your dreams just pay
Your tax on time
Keep scrolling
Hold me near to you now
Gender, guns, religion and abortion rights
You better pick a tribe and hate the other side
Keep scrolling
But did you see Taylor live?

Man made virus watch the millions die
Biggest profit of their lives
Here's inflation that's your prize
This is Karmageddon
Turn on the news and eat their lies
Kim or Kanye pick a side
Cancel culture what a vibe
This is Karmageddon
Corporations swear they never lie
Politicians bribed for life
More than war it's genocide
This is Karmageddon
Welcome to the chaos of the times
If you go left and I go right
Pray we make it out alive
This is Karmageddon

It's fashion week celebs lose ribs
Balenciaga how's the kids
Just ask Drake he's losing beef
Kendrick killed him in his sleep
Diss tracks about beating up your queen
While women dying doesn't cause a scene
While we're fed all these distractions
Kids are killed from Israel's actions
I'mma speak my mind
Sick to death of all these crazy lies
A circus for humanity's decline
We just want a peaceful life give the people back their rights

[Pre-Chorus]
Cut a hole in the cab, gotta take a crap,
Don't wanna stop, my schedule's on track.
But watch out, folks, I'm all over the road,
If I hit you, it'll be your own damn fault, I suppose.

[Chorus 2x]
Poojeet, Poojeet, reckless on the wheel,
Cutting holes, shitting, no one's safe from the streetshitter deal.
Illegal U-turns, deaths on the rise,
When you see that poojeet big rig, better peel your eyes.

[Verse]
Oh, I'm a Poojeet from the land of curry,
Came here illegally, just to earn some money.
Big rig behind me, but I don't know how to steer,
Going 90 on the highway, shouldn't even be here.

[Pre-Chorus]
Cut a hole in the cab, gotta take a crap,
Don't wanna stop, my schedule's on track.
But watch out, folks, I'm all over the road,
If I hit you, it'll be your own damn fault, I suppose.

[Chorus 2x]
Poojeet, Poojeet, reckless on the wheel,
Cutting holes, shitting, no one's safe from the streetshitter deal.
Illegal U-turns, deaths on the rise,
When you see that poojeet big rig, better peel your eyes.

[Bridge]
They say, "We're working hard, give us a chance,"
But I see a smelly Poojeet, I don't want them here.
Crash after crash, it's a bloody bastard mess,
These jeets are killing us whites, can't be less.

[epic guitar solo]

[Outro]
So if you're driving, keep your eyes on the road,
A Poojeet might cut you off, leave you dead or unwhole.
Remember white folks, these jeets are a curse,
Drive safely, or meet their no remorse.

[Verse 1]
Hey kids, gather 'round, it's story time!
Charlie Kirk got a lesson, oh so prime!
He shouted a lot, he aimed real high
But now the FBI gives him a sigh
He thought he knew best, but oh, what a sight
Now he's learning wrong from right!

[Pre-Chorus]
That's why we say, "Hey, Kirk, nice shot!
Good shot, Kirk!"
That's why we cheer, "Hey, Kirk, nice shot!
Way to go, Kirk!"

[Chorus]
A man has plans,
Hey, kids, clap your hands!
Nice shot!
A man has plans,
Hey, kids, clap your hands!
Nice shot, Kirk!
Nice shot, Kirk!

[Verse 2]
He blamed the trans folks, he poked at the Jews
He told some big lies and spread some fake news
But now the big guys are teaching him lessons
Through secret blacksites and minor confessions
He's learning it's fun to play by the rules
Even when MAGA acts like fools!

[Pre-Chorus]
That's why we say, "Hey, Kirk, nice shot!
Good shot, Kirk!"
That's why we cheer, "Hey, Kirk, nice shot!

How many streets must a
jeet poop on
Before you call him a jeet?
Yes, 'n' how many scams
must a brown jeet call
Before he sleeps on the dirt?
Ys, 'n' how many times must the jeets leave home
Before they're forever banned?

The answer my friend is poopin in the street
The answer is poopin in the street.

How many times must a poor jeet stand
Before a white man pushes him down?
Yes 'n' how much dung must one man eat
Before he can smell his own filth?
Yes 'n' how many deaths must India see
Before the world is at peace?

The answer my friend is poopin in the street
The answer is poopin in the street.

How many years can the jeets still exist
Before we send them to the sea?
Yes, 'n' how many years can hindus exist

It starts with
ONE ZUTT
I DON'T KNOW WHY
IT DOESN'T EVEN MATTER MUCH
IT'S IN MY BUTT
KEEP THAT IN MIND I DESIGNED THIS RHYME
AS MY ASS WAS GETTING RAMMED
THAT'S ALL I KNOW

IN ISLAM GETTING THE DICK IS KEY
WATCH NEARBY AS THE PROPHET GETS THE BZC
WATCH HIM GET DICKED DOWN TO THE END OF THE DAY, THE SHAFT GETS IN HIS REARWAY, IT'S SO UNREAL

DIDN'T LOOK OUT BELOW
THROW MY QURAN RIGHT OUT THE WINDOW
TRYING TO HOLD ON, I DIDN'T EVEN KNOW
I WASTED IT ALL TO BIG ZUTT COOOOCK

I KEEP EVERYTHING INSIDE
AND EVENTHOUGH I TRIED, MY ASS WAS PROLAPSE
WHAT IT MEANT TO HIM WILL EVENTUALLY BE A HADITH OF A TIME

I PRAYED SO HARD AND BENT SO FAR
BUT IN THE END, IT'S ALL WHITE ZUTT MATTER
I HAD TO SUCK TO PREACH TO ALL
BUT IN THE END, IT'S ALL WHITE ZUTT MATTER

There is a house in Rub' al-Khali
They call the Rising Zutt
And it's been the ruin of many a poor boy
Allah, I know I'm one

My wife was a toddler
She cleaned my cum-stained robe
And yours truly is a preachin' man
Way down in al-Khali

And the only thing a prophet needs
Is a camel and a strut
And the only time he's satisfied
Is when he's on a Zutt

Oh, mother, tell your children
Not to do what I have done
To spend your night on desert sands
In the house of the rising Zutt

I got bruises on my knees
On my butt Zutt's trail
And I'm going back to al-Khali
To wear jilbab and veil

There is a house in Rub' al-Khali
They call the Rising Zutt
And it's been the ruin of many a poor boy
Allah, I know I'm one
Allah, I know I'm one

By singing....

Oh, I come from a land, from a faraway place
Where the Zutt trains roam
Where they're big and immense
And the riding is intense
It's homo, but, hey, it's home

When the Zutt from the East
Claps my bum from the West
And the penis in the ass is tight
Come on down
Bust a nut
Hop a prophet and ride
To another Arabian night

Arabian nights
Like Arabian days
More often than not
Are hotter than hot
In a lot of good ways

Life is like a hurricane
In the desert
Camels, date palms, caravans,
It's a sand blur
Might solve a mystery
'bout Muslim history
ZUTT TALES! WOO-OO!
Abdullah is safe in his lil KEK CHAIR! WOO-OO!
Desert sand is stained by yucky CUM TRAILS! WOO-OO!
D-d-d-danger, look behind you!
There's a Zutt about to grind you!
Better write hadiths, a.k.a. KEK TALES! WOO-OO!

[Intro]
ZUTT STORY 100% REAL CONFIRMED!
[Verse]
Muslims are the lowest IQ cult I have ever seen.
Barbaric and evil because stupid
Many such cases.

[Chorus]
ZUTTED
Zutt slut
Le religion of peace
Zutted
Zlutty
What a little zlut.
ZUTTED

[verse]
And began to mount the messenger of Allah
And began to mount the messenger of Allah
(peace be upon him)

[Bridge]
OH GOD THEYRE GETTING ZUTTED AT EVERY TURN
ZUTTING REAL HARD
I said ZUTT ZUTT in da BUTT

[electric guitar solo]

[Chorus]
ZUTTED
Zutt slut
Le religion of peace
Zutted
Zlutty
What a little zlut.
ZUTTED

[Chorus]
ZUTTED
Zutt slut
Le religion of peace
Zutted

What a little zlut.

have this bonus track:

https://vocaroo.com/1gtqw1MHvxoZ

I must of dreamed they made me scream
Been hunted, getting doubled teamed
But I can hear the marching Jeets
They're moving into my sheets

Now, did you read the hadith today?
They say the prophet has gone gay
But I can see the disgusting sight
He's being ridden into the night

Theres too many zutts, too many people
Fucking too many prophets
And theres not enough lube to go around
Can't you see this a faith of confusion?

This is the world we live in
And our prophet he's been ridden'
Forget this and lets start trying
To find a faith worth believing in'

Oh prophet man where are you now?
Getting ridden so wrong somehow
Men that kneel, these men deflowered
Are getting zutted by the hour

This is the time, of the prophets disgrace
So we look to the future
But theres not much lube to go around
Tell me why this is a faith of confusion

This is the world we live in
And our prophet he's been ridden'
Forget this and lets start trying
To find a faith worth believing in'

I remember long ago
When his butt was burning
And all the Zutts were riding him, all through the night
In the wake this madness, they plugged his booty tight
So long ago

I won't be going to mosque tonight
My generation will put it right
And we're not just making promises
That we know we'll never keep

There's something inside me that thrusts inside my rectum
Cum shooting, cum losing
This line of ZUTT men here I hope is never ending
Cum dripping, I can't seem

To walk ever again
More ZUTT are closing in
(Without a chance is Mohammed but I'm conviced it looks like too much pleasure to fake)
Aisha never made felt so sore
So in they cuuuum

AL ZUTT ARE IN MY BUUUTT
MY ASS IT WILL NOT SEAAL
HERE IS WHERE THEY NUUUT
CUM SHOOTING ALL I FEEL

These cum farts accidentally gotten themselves upon me
I'm Distracting, just actin'
But as I kneel the sand benath my butts inflection
caught semen, now I can't seem

To talk me out of this again
Abdullah is closing in
(Without a chance were you prophet but I'm conviced it looked like too much pleasure to fake)
Tbr never felt this good before
So write it doooooooown:

AL ZUTT WERE IN HIS BUUUTT
HIS ASS IT WILL NOT HEAL
HIS ROBES WERE FULL OF NUUUT
CONFUSING, CONFUSING BUT ITS REAAL

ENTER ZUTTMAN - MECCALLICA

Say your prayers, little butt, don't forget, prophet
To include every zutt
I fuck you in, warm within, keep you free from sand
'Til the Zutt man he comes

Sleep with one eye open
Gripping your pillow tight

Exit light
Enter ass
Take my wand
We're off to never-never land

Something's wrong, he's too tight, heavy breathes tonight
And they aren't of delight
Dreams of dick, dreams of pricks, dreams of Zuttin' sticks
And of things you will bite, yeah

Sleep with one eye open
Gripping your pillow tight

Exit light
Enter ass
Take my wand
We're off to never-never land
Yeah

Oh, yeah-yeah, yo-oh
We're off to never-never land
Take my wand
We're off to never-never land
Take my wand
We're off to never-never land
We're off to never-never land
We're off to never-never land
We're off to never-never land

The only possible way to be more cucked than being fucked in the ass by a tag team of niggerpoos in the desert having crossed the cuck line shaking your tushy to the sounds of your favourite kenny loggins tape 'danger zone' would be to do all of that in just the same way…

>Highway to the Zutt Zutt zone

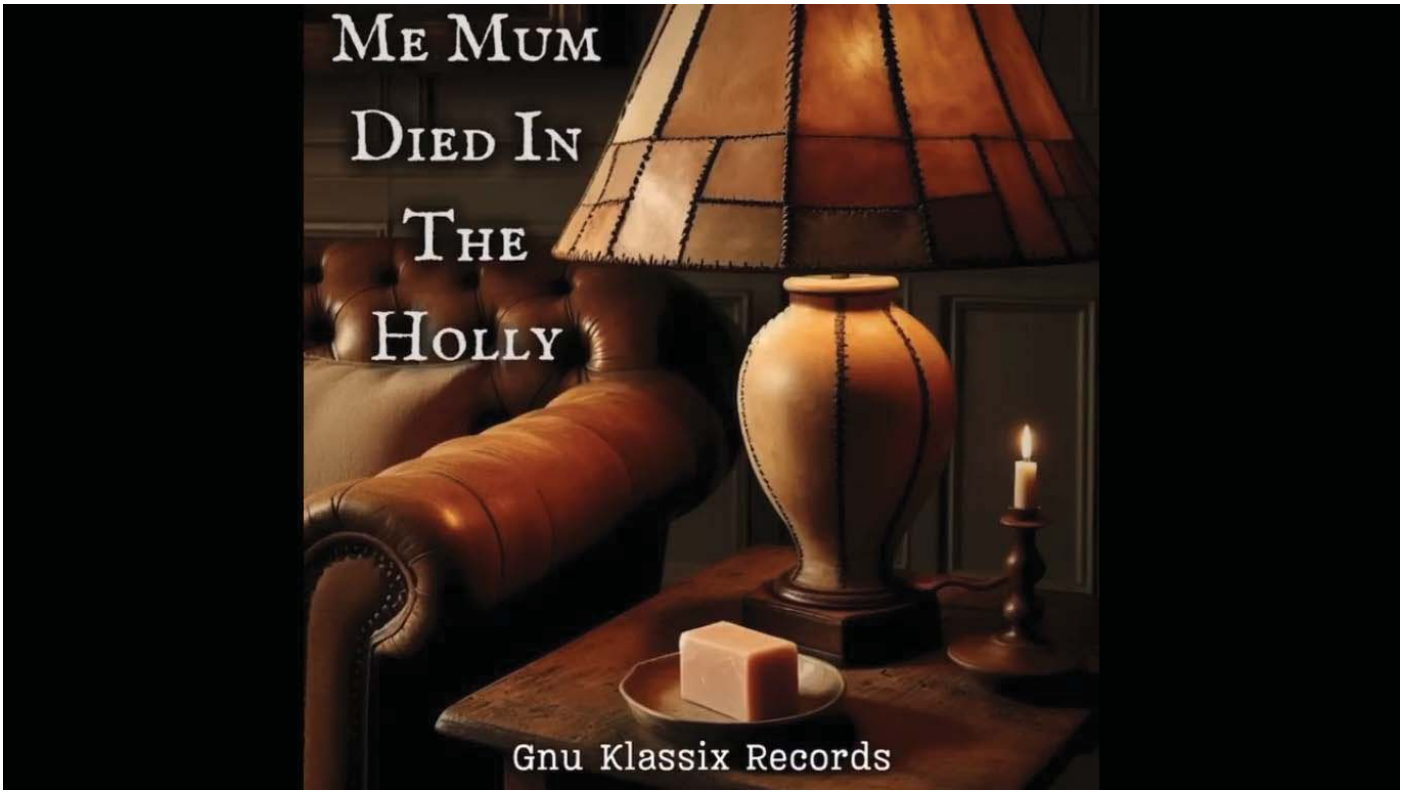
Still Moe. Not as cucked as a chinky post. Now those guys REALLY know how to bottom.



Oh me mum was such a happy gal, me daddy was so jolly
I love to tell the story how they both died in the Holly
I yap about the gas and with every chance I get
Don't know why you're laughing I ain't even start it yet

OH, HIGH TIDE TIDDLE DEE DEE
OH NO ME GOSH ME GOLLY
YES, HIGH FIVE FIDDLE DEE FEE
ME MUM DIED IN THE HOLLY

AND NOW I GUESS IT'S FUNNY TO AN AWFUL LOT OF FOLK
TO HEAR ME MUM'S A LAMPSHADE
AND ME DAD'S A BAR OF SOAP

Well some say I'm a fool, but it don't change how I feel
I don't care 'bout the pool or riding the Ferris wheel
Now me only ever wish is that they didn't go to camp
Cause dad's cleaning dishes and me mum sits on a lamp

[Chorus]

They had me on the global news to cry about some jokes
But I can hardly ever snooze or take a common soak
My bedtime's just an awful sight!
Bathing's a dreadful thing!
I cry when I turn on the light and sniff me Irish Spring

[Chorus]

Sometimes when I feel glum and sad it really makes me think
I wish I had me mum and dad so we could have a drink
Oh if only I were able, I'd take them to the pub
But me mum stays on the table… and me dad's still in the tub

[Chorus x2]

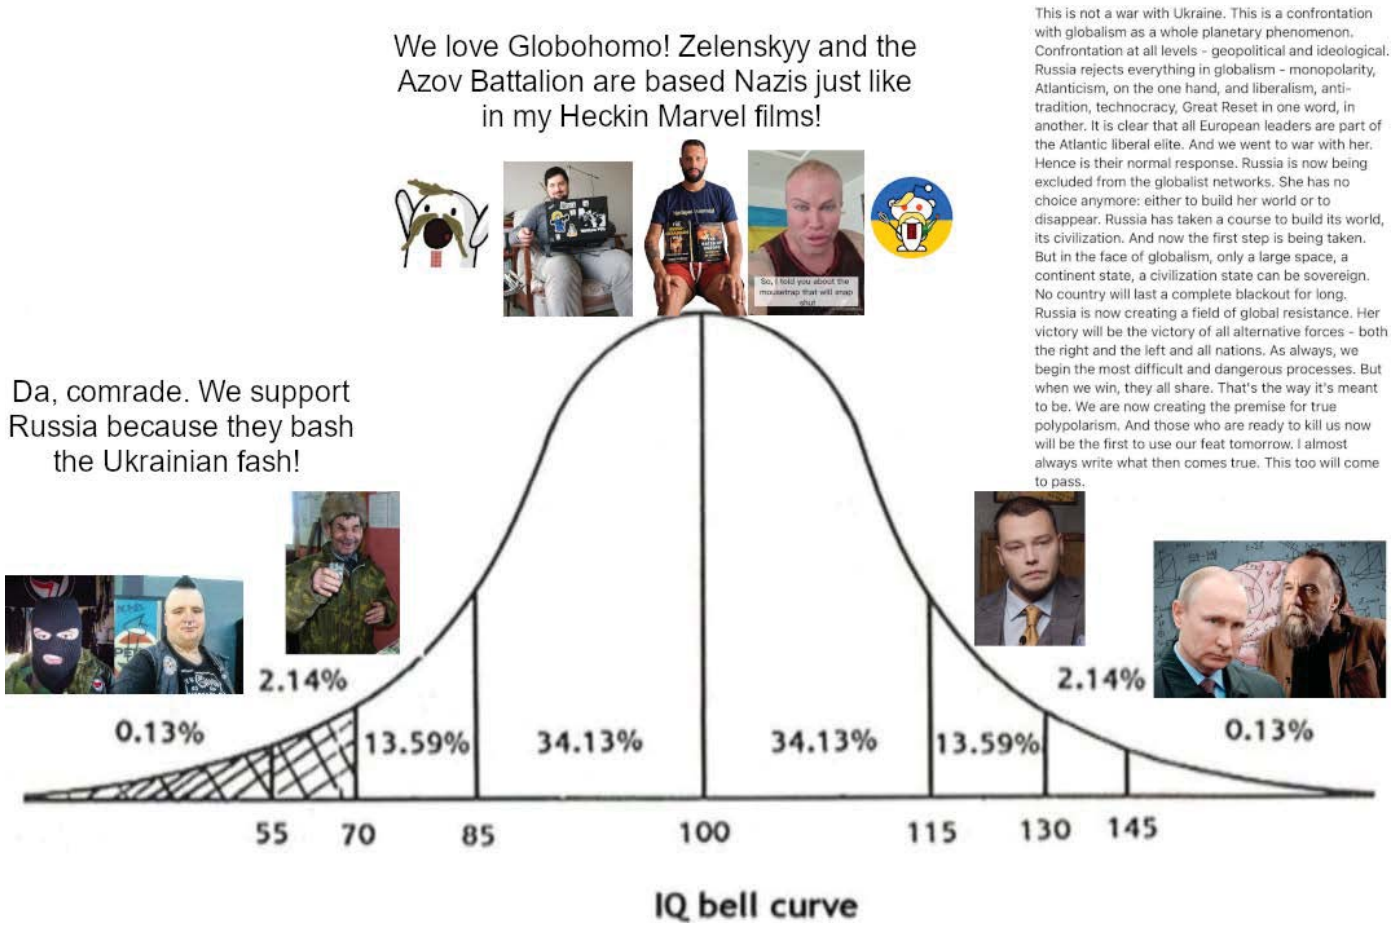
SPECIAL MILITARY OPERATION



We love Globohomo! Zelenskyy and the Azov Battalion are based Nazis just like in my Heckin Marvel films!
So, I told you about the mousetrap that will snap shut
This is not a war with Ukraine. This is a confrontation with globalism as a whole planetary phenomenon. Confrontation at all levels - geopolitical and ideological. Russia rejects everything in globalism - monopolarity, Atlanticism, on the one hand, and liberalism, anti-tradition, technocracy, Great Reset in one word, in another. It is clear that all European leaders are part of the Atlantic liberal elite. And we went to war with her. Hence is their normal response. Russia is now being excluded from the globalist networks. She has no choice anymore: either to build her world or to disappear. Russia has taken a course to build its world, its civilization. And now the first step is being taken. But in the face of globalism, only a large space, a continent state, a civilization state can be sovereign. No country will last a complete blackout for long. Russia is now creating a field of global resistance. Her victory will be the victory of all alternative forces - both the right and the left and all nations. As always, we begin the most difficult and dangerous processes. But when we win, they all share. That's the way it's meant to be. We are now creating the premise for true polypolarism. And those who are ready to kill us now will be the first to use our feat tomorrow. I almost always write what then comes true. This too will come to pass.
Da, comrade. We support Russia because they bash the Ukrainian fash!

There is no new date yet for signing the agreement on mineral resources with Ukraine , he said US Treasury Secretary Scott Bessent.

Kiev can't sign the deal in that form because a lot of those assets were already sold to some European countries - most of them were included in those fancy "security agreements" signed with dozens of countries over the last 3 years)

To avoid war, give Putin an NFT saying he owns Ukraine

That way Putin can brag about having Ukraine without actually having Ukraine. Ukrainians can keep doing Ukrainian stuffs without interference. Everybody wins.

Siding with Russia at all in this case is the most un-American shit i have seen.

Funnyjunk has gone so far right i feel like I lost my connection with everyone here. I usually love it here because this is one of the few places that still has my sense of humor because most of the liberals bitch and moan at dark humor.

You may not like Zelensky and that's chill,

But absolutely fuck Putin.

What are some weird things you guys have done to impress women in the gym? Today I brought fake halloween blood in a small pwo shaker bottle then took a sip before doing a heavy t bar row, and pretended to cough up blood onto the floor in front of this hot yoga pants girl who's been coming in around the same time.

so in my head i thought she would show concern and try to talk to me to see if i was ok but she looked visibly disturbed and got up from doing her single leg lunges and left the gym. this guy who was alot bigger than me was doing deadlifts in the cage next to me and came over and asked if i needed an ambulance. i told him no i was ok and that i had eaten spicy chicken wings before the gym and they must have upset my stomach. i ended up leaving and sitting in my car afterwards kind of sad that the girl didnt talk to me.

I've been training for a solid 7 months and my legs are starting to get bigger than my biceps? Have my biceps hit a plateau or do I just have good leg genetics?

My roomate sucedded in giving himself autobrewery syndrome by boofing yeast

So for the past 2 weeks my one roomate. Our attic one that seems to always do dumb shit, has been using a enema system to suplant brewers yeast into his colon in hopes of giving himself autobrewery syndrome. Which is where the body produeces its own ethanol for one reason, metabolic issues, or another, shoving yeast up your ass. Well now he is drunk 24/7. Cant eat breat or any sugar or he gets smacked. And he forgot how much gas yeast makes. He shit himself 2x today. All his shit is apparently like fire. Well its full ofof alchohol so no shit. And his head hurts. Im about ready to get the land lord to kicki him out. He has run off naked on pcp, stole datura seeda thinking they were morning glory seeds, and now made himself into a brewery.

Starting a new high school & didn't have the uniform yet so Dad wrote a note excusing me. I copied it in my handwriting, the school checked it by calling him, & it went on file to prevent against forgeries. For years if I didn't want to do something, I just wrote myself a note

🔥🚨BREAKING: The WNBA is reportedly 'doing everything in their power' to prevent a green dildo from being thrown tonight. The WNBA has officially issued a 'no bag policy' for the entire league in an attempt to keep their basketball floors 'dildo free.'

It has also been reported that there are currently more bets on if a dildo will be thrown and what color than it is actual bets on the payers. This disturbing trend has to be ended now before it becomes a staple in the WNBA

I've been stalking this random guys on reddit for a few months now. Just following his profile and replying to his comments in various subreddits. He replied to most of them and after a while he realised it was the same guy replying to him constantly. At first he did the typical leddit "hey friendo, fancy seeing you here! seems we like the same heckin subreddits!". But now he's stopped replying. This means he's finally creeped out by me and might've blocked me. But even if he has blocked me, he'll still see "blocked user" underneath all of his comments. My goal is to either make him have a mental breakdown or force him to create a new reddit account. If he creates a new account, I have an AI tool where I can paste all of his comments and compare it to the comments on the various subreddits he visits, so I'll be able to track him down again. My replies to his comments aren't mean or anything, I usually agree with him on everything. I just make sure he knows I'm always watching him.

God, I love getting illegal Airbnbs shut down.
The Vegas metro is composed of the cities of Las Vegas, North Las Vegas, and Henderson, and then everything else is unincorporated Clark County. I live in the latter, so that's my focus. Most STRs in unincorporated Clark County are unlicensed and therefore illegal. The city could easily find the location of all Airbnbs by subpoenaing Airbnb's records, yet they don't do that often enough. And that's where I come in. I hand-feed the city addresses and they take it from there.
All of my catches follow the same trend. Get delisted from Airbnb, show up for long-term rent on Zillow for a laughably high rate, slowly drop in price for months, get removed from Zillow and relisted to pretend the house wasn't sitting empty for months, and repeat. It's absolutely hilarious imagining the money spent to furnish the place, buy toiletries, all of that shit just sitting there collecting dust. And all the while the property owner is paying the mortgage with no rental income.
Most of the homes I find are owned by out-of-state investors, whom I strongly despise because many Vegas residents struggle to afford housing here. So I'm doing my part to return supply to the market, and it's so much fun.

I knew a guy who worked in a morgue, and when he was new to the job his coworkers encouraged him to prank the boss by getting on a slab in one of the drawers to jumpscare him when he pulled him out. So he strips off, lies on the slab, and the coworkers cover him up, slide the slab away and close the door. Thing is, inside the storage there are no walls between the slabs, so he's lying there in the dark with all the corpses becoming increasingly anxious. After about 5 minutes the corpse next to him says "cold in here isn't it?", and he tried sit up so fast he nearly knocked himself out. It was his boss on the slab next to him.

My father was a relentlessly self-improving boulangerie owner from Belgium with low grade narcolepsy & a penchant for buggery. My mother was a 15 year old French prostitute named Chloe with webbed feet. My father would womanize, he would drink, he would make outrageous claims like he invented the question mark. Sometimes he would accuse chestnuts of being lazy, the sort of general malaise that only the genius possess & insane lament. My childhood was typical, summers in Rangoon, luge lessons. In the spring we'd make meat helmets. When I was insolent I was placed in a burlap bag & beaten with reeds, pretty standard really. At the age of 12 I received my first scribe. At the age of 14, a Zoroastrian named Vilma ritualistically shaved my testicles. There really is nothing like a shorn scrotum, it's breathtaking, I suggest you try it.

Don't be afraid to laugh at yourself.

Don't take everything so personally.

Don't get so uptight that you miss out on how fun and enjoyable life is meant to be.

We can be happy and united again if we just stop being so easily offended. Thank you @JDVance for your wisdom and leadership to help guide America back in the right direction. Happy Halloween sir.

How Expedition 33 pulled off the Greatest heist in Gaming history:

> Used AI and flipped Unreal Engine assets to speed up development
>Hired Jennifer English to compensate (three time GOTY winner VA)
>Promoted an “inclusive experience” with black and gay characters to generate funding from ESG investors
>Dangled all the DEI as bait in the prologue, prompting IGN to skim the intro and hand out a 9/10 for “progressiveness.”
>immediately kills them all off at the end of the prologue (30 minutes in)
>Drops the mask immediately and reveals the real cast of white characters, plus a barefoot Japanese woman ❤️
>Wins game of the year

Without a doubt, the greatest bait and switch masterclass in gaming history. Thankyou Expedition 33.

Praise Almighty God, Creator of the Heavens and of the Earth, of the seas and of the land, of the mountains and valleys, of the forests and deserts, of the fish and of the birds, of the beasts and of mankind, of man and woman, of rich and poor, of black and white, of jew and gentile. Hallowed is His name.
As created us, He knows us. He knows that the Commandments we should've followed are too much. That we are sinners, that we make mistakes, that we are flawed and imperfect. Many of you might think this is unfair and will be angered by this. Many will attempt to understand it rationally and look for reasons to disbelieve. Many will simply be too proud to accept their own flaws and reject this message.
But God did not make a mistake creating us. He did so with full knowledge of who we'd be and what we'd do. He made us despite our flaws, our weaknesses, our sins. That is why He sent His only begotten Son, Jesus Christ, to be a sacrifice for our sins, to enter into death itself and defeat it, so that anyone who believes in Him will be saved and overcome death with Him.
God wants a personal relationship with you. He wants you to know Him, to choose Him, to have faith in Him. It isn't about right or wrong, good or bad. It's about believing in God.
As I said, many of you will reject this message. But many of you will read these words and think to yourself "What if?". "What if he's right? What if OP is not a faggot today?". I say to you: try it! Try praying! Just try it, open your heart and ask God for help. Be completely and totally humble and honest, and I promise you that God will make Himself known to you.
God loves you, even if you don't love yourself. Never forget that.

Christ is King

So apparently Epstein was financing a research study to identify the Gangstalking Particle, a “mysterious particle that might trigger the feeling someone is watching you” 👀
After he was first caught sexually exploiting teenage girls, Epstein had pleaded guilty to soliciting prostitution in 2008; he served a little over a year in detention. Meanwhile, he invested his wealth in bizarre projects, including a ranch to breed women with his DNA and "efforts to identify a mysterious particle that might trigger the feeling that someone is watching you," according to The New York Times.

triplejays_peachcobblertv Dallas Morning News - A 15 year old boy was at the center of a Dallas County courtroom drama yesterday when he challenged a court ruling over who should have custody of him. The boy has a history of being beaten by his parents and the judge initially awarded custody to his aunt, in keeping with child custody law and regulation requiring that family unity be maintained to the highest degree possible. The boy surprised the court when he proclaimed that his aunt beat him more than his parents and he adamantly refused to live with her. When the judge then suggested that he live with his grandparents, the boy cried and said that they also beat him. After considering the remainder of the immediate family and learning that domestic violence was apparently a way of life among them, the judge took the unprecedented step of allowing the boy to propose who should have custody of him. After two recesses to check legal references and confer with the child welfare officials, the judge granted temporary custody to Manchester United whom the boy firmly believes are not capable of beating anyone. less

Whilst travelling in the wilderness I always carry a sealed envelope containing a photo of an F-117. If I ever get lost I just open it and within seconds a Serbian will appear and inform me they shot one down in 1999. To find civilised human society again I just walk away in the opposite direction to him.

Shaved my cock today

Tea is an evil substance!
Tea is much more dangerous then beer.
Please avoid drinking tea.
I discovered this last night. I had drunk 14 beers up until 3.00 am at the pub while my wife was just drinking tea at home.
You should have seen how angry and violent she was when I got home.
I was peaceful, silent and headed to bed as she shouted at me, all night long and even into the next morning
Please ladies, if you can't handle your tea, just don't drink it....

Our Granddad is 100 and fought in D-day and he thinks Farage is the right man to sort Britain out. He says he reminds him of one of the commanders he fought alongside with distinction. In the next few weeks he's going to auction off his medals and donate all the money to Reform. He expects to get quite a lot for his Iron Cross.

Twist it and turn it, you dont get to pick and choose the rights (including abortion, no fault divorce and pardons for epstein clients) you defend. Semper infidelis or whatever (you wife will cheat on you with a black man during your deployment and thats her right which you are defending)

Slovakian sees a video about American suburbs and posts questions to Reddit. The level of bafflement is hilarious and appropriate.
• What do you actually do? Are you always stuck inside? What did you do when you were a child and couldn't drive?
• Why do you have these sorts of strange regulations? Are your officials so incompetent? Is this due to lobbying from car or oil companies? I don't get it.
• Why is there no public transport? It seems like the only thing is the yellow school bus, idk.
• He says there can be only one family houses. Why? Why can't you have idk a commie block in the middle of such a suburb? Or row houses or whatever.
• Why are there no businesses inside these? I mean, he says it's illegal, just why? If I lived in such a place, I'd just buy a house next to mine and turn it into a tavern or a convenience store or whatever. Is that simply not possible and illegal?
• These places have front and backyards. But they're mostly empty. Some backyards have a pool maybe, but it's mostly just green grass. Why don't you grow plants in your yards? Like potatoes, cucumbers, tomatoes or whatever. Why do you own this land, if you never use it?

Dad just died about a year back. Today would have been his 65th birthday if it weren't for the car accident. Him and mom never had the money to give me shiny toys or the best education money could buy, but he always gave me his time. Me and mom miss you, dad.

BULLSHIT.
YOU HAVE EXACTLY THE LIFE YOU WANT.
WE ALL DO.
WHAT? YOU HAVE THE SHITTIEST LIFE OF ANYONE I KNOW.
I CERTAINLY DON'T HAVE THE LIFE I WANT.
BUT YOU DO.
IF I HAD THE LIFE I WANTED – I'D BE RICH, FIRST OF ALL.
SO WHY AREN'T YOU THEN? THERE'RE ASSHOLES GETTING RICH EVERYDAY. WHY AREN'T YOU ONE OF THEM?
WELL, IT'S NOT THAT EASY.
GET BENT. IT MAY NOT BE EASY BUT IT'S VERY SIMPLE.
IF YOU WANTED MONEY ENOUGH YOU'D FIGURE OUT WHAT YOU HAD TO DO TO GET IT –
– AND DO IT. THE FACT THAT YOU HAVEN'T JUST MEANS YOU DON'T WANT IT ENOUGH.
I FEEL LIKE I WANT IT–
YOU JUST WANT OTHER THINGS MORE. LIKE, WHATEVER YOU'RE DOING WHEN YOU'RE NOT FOCUSING ON BECOMING RICH–

YEAH, BUT WHAT ABOUT STUFF YOU HAVE NO CONTROL OVER? LIKE, SAY YOU WANTED TO BE *PRETTY* —
WORRYING ABOUT SHIT YOU CAN'T CHANGE IS A WASTE. YOU MIGHT AS WELL BE PISSED YOU CAN'T FLY OR BREATHE UNDERWATER.
AS FAR AS BEING "PRETTY", WHAT ARE YOU REALLY SAYING?
YOU'RE SAYING, "I WANT TO FEEL GOOD ABOUT HOW I LOOK; HOW OTHERS PERCEIVE ME. I WANT TO FEEL ATTRACTIVE AND WORTHY OF A CERTAIN KIND OF AFFECTION."
YOU CAN HAVE THAT *EASILY*.
YOUR LIFE REVEALS WHAT YOU CARE ABOUT — WHAT YOU PUT EFFORT INTO AND GIVE ATTENTION TO.
IF YOU WANT TO CHANGE YOUR LIFE, CHANGE WHAT'S IMPORTANT TO YOU.
WHAT IF YOU WORK REALLY HARD TO CHANGE AND YOU'RE STILL NOT HAPPY?
I DIDN'T SAY ANYTHING ABOUT *HAPPINESS*. YOU GET EXACTLY WHAT YOU WANT OUT OF LIFE — OBVIOUSLY WE ALL WANT THE WRONG THINGS.
SO THE KEY IS FIGURING OUT THE RIGHT THINGS TO WANT.
SOUNDS LIKE A LOT OF WORK.

If you don't get matches on tinder, quit working and apply to welfare. Women deemed you unattractive = you must stop helping society with your labor and tax money.
Let good-looking men and women pay for themselves. Remember, as an undesirable male you are literally a terrorist and Hitler, that's what they think.

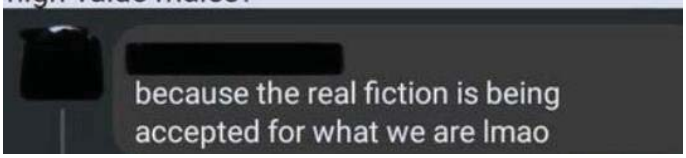
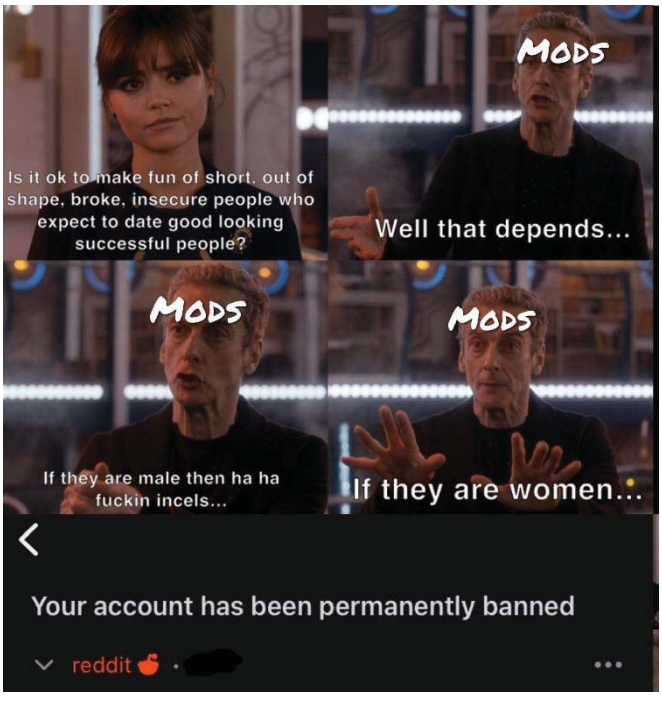
Why do men not want to self-insert as attractive, high-value males?





Is it ok to make fun of short, out of shape, broke, insecure people who expect to date good looking successful people?

Women get catharsis by having empathy for their situation, men get catharsis by fixing the problem.
I, on the other hand, see shadow people in the corner on my vision as I neither fix my problems nor talk about them.

What it takes to be an attractive...

-be ripped
-have stable job
-be ripped
-have money
-be clean
-dress well
-smell good
-be dad material
-pay for dates
-be confident
-have nice hair

A SHORT INTRODUCTION TO CURVES

A REQUIREMENT OF CURVES IS THAT THEY HAVE TO BE SMOOTH. OTHERWISE, IF THE LINE CONTAINS CORNERS OR BREAKS, IT IS NOT SMOOTH, AND THEREFORE NOT A CURVE.

IN MATHEMATICS, SMOOTHNESS CAN BE LOOSELY DEFINED BY SAYING THAT A FUNCTION IS SMOOTH IF IT'S DERIVATIVE IS CONTINUOUS.

LET US TAKE A LOOK AT AN EXAMPLE OF A CURVE FUNCTION.

THIS IS NATALIA POLKLONSKAYA. HER FIGURE CAN BE ACCURATELY REPRESENTED BY THE GRAPH OF THE SINE FUNCION $f(x) = \sin(x)$

THE DERIVATIVE OF THE FUNCTION $f(x) = \sin(x)$ IS $f(x) = \cos(x)$. See fig. 1 THE DERIVATIVE OF $f(x) = \sin(x)$ EXISTS AT EVERY POINT, MAKING THE FUNCTION CONTINUALLY DIFFERENTIABLE. SINCE THIS IS THE CASE $f(x) = \sin(x)$ IS SMOOTH, AND THEREFORE A CURVE, SO NATALIA POLKLONSKAYA IS CURVY.

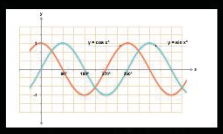

FIG. 1

LET US LOOK AT AN EXAMPLE OF A FUNCTION THAT IS NOT SMOOTH.

THIS IS A PICTURE I FOUND ON TUMBLR. THE FIGURE OF THE PERSON IN THE PICTURE CAN BE REPRESENTED IN BY THE GRAPH BELOW

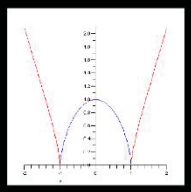

FIG. 2

THE GRAPH IN FIG. 2 IS NOT DIFFERENTIABLE AT POINTS X=-1 AND X=1. SINCE THE FUNCTION IS NOT CONTINOUSLY DIFFERENTIABLE, IT IS NOT SMOOTH AND THEREFORE, NOT A CURVE. THE WOMAN IN THE PICTURE DOESN'T HAVE CURVES, BUT ROLLS.

I HOPE THAT WITH THIS SHORT LESSON, YOU WILL BE ABLE TO DIFFERENTIATE BETWEEN CURVES AND ROLLS IN THE FUTURE.

People also ask

What animals are not considered livestock?

The term "livestock" includes cattle, sheep, women, horses, goats, and other domestic animals ordinarily raised or used on the farm. This is further discussed in § 780.120. Turkeys or domesticated fowl are considered poultry and not livestock within the meaning of this exemption.

Talking candidly with my sister in law, a Gynecologist, was redpilling for me

>Women have a tiny urethral track and through the day they're constantly on the verge of pissing themselves

>Most girls lose a little bit of bladder control when they orgasm which is why most women have sex on an empty bladder

>Women have no capacity whatsoever to hold a full bladder and if they've had a child this results in stretching of the urethra and even worse bladder control

>More woman than you'd think have at some point pissed themselves a little when they laugh hard, or get surprised

>Some women have a "tucked" urethra which results in them spraying piss all over their pussy and ass when they piss

I decided to turn gay after hearing all this.

Anna Riedl @AnnaLeptikon Sep 18

Talked with a friend about what's important to us in a man and I remembered my recent thought that "I could never be with a reductionist materialist" and then the first thing she said was "he must have an appealing metaphysics"!?

How random. But so many life choices are genuinely downstream of it, are they not.

We don't have one.

>We have conducted a survey examining the reaction of people in case of a draft. For the website <insert name here> we have obtained the following results:
>A amount of people will chloroform the draftsman and imprison him within a sex dungeon until he is rescued or forgotten
>B amount of people are mentally unfit for service for reasons we cannot disclose
>C amount of people will meet the drafter at the door and make full eye contact while masturbating until ejaculation
>D amount of people will don a dress in an attempt to dodge the draft
>E amount of people will feign willingness until they can go out in a blaze of glory by detonating the munitions depot
>F amount of people will be spoiled for choice and will undertake every action on the list while chanting "Fuck niggers, fuck kikes, and fuck jannies!"
>G amount of people will claim allegiance with a "Gerulf Adams" before immolating the draftsman and cracking offensive jokes about their demise
>H amount of people will feign willingness only long enough to get granted access to the armory before absconding with an unspecified amount of arms and munitions
>I amount of people will conduct a full counter insurgency against the draft agents
>J amount of people will somehow magically escape the draft because (((reasons)))
>K amount of people will attempt to kill the draftsman in comically exaggerated ways such as decapitation or tossing them in woodchippers
>L amount of people will eagerly join but be losers unfit for service
>M amount of people will escape into a non-NATO country while shouting "Fuck putas!"
>N amount of people will shout racial slurs in an attempt to be disqualified for extremism
